

Canada At War

A Review of Developments on the Home Front

The war hit close to home this week for Canadians as **TEA AND COFFEE** went on Canada's lengthening ration list along with sugar and gasoline, leaving less of the meal-time beverages to drink than for the people of embattled Britain. New regulations, announced by the Wartime Prices and Trade Board, limit each person to **ONE OUNCE OF TEA OR FOUR OUNCES OF COFFEE A WEEK**—but not both. That cuts Canadian tea consumption per capita below that of the United Kingdom, where tea-loving Britons get two ounces a week, with no ration of coffee. The board estimated the ration allotment of tea or coffee to each person would make about 12½ CUPS A WEEK, but the quantities used by each individual would vary that figure somewhat. For the next five weeks the ration coupons to be used are the "A-B-C-D-E" coupons issued when rationing of sugar went into effect. The sugar ration tickets, numbered 1 to 5, are at the bottom of the card. After September 8, the board said, there will be permanent coupon ration books. The announcement said only that restaurants, hotels and various institutions would receive their supplies of tea and coffee by special voucher. **EATING ESTABLISHMENTS** must not serve an individual with more than one cup of tea or coffee at one sitting, and need not reduce the price of the meal in cases where it had been the custom to serve more than one cup, the board said. The order says no public caterer or operator of an institution shall use more than one individual tea bag or the equivalent in loose tea, for each serving. Persons over 12 years of age who live in institutions, hotels and boarding houses for longer than a week must surrender coupons for their tea or coffee rations.

That a "magnificent job" has been done by the Department of Munitions and Supply in the **MANUFACTURE AND PRODUCTION OF GUNS** is the finding of the sub-committee on gun production of the Special Committee on War Expenditures. Other findings on this phase of Canada's war effort, as reported to the House, are: 1. There is duplication in gun inspection that should be eliminated. There exist two classes of inspectors, one representing the manufacturer, and the United Kingdom and Canada Inspection Board. Production efficiency has advanced sufficiently to warrant a relaxation in inspection so that only **ONE GROUP OF INSPECTORS** should be employed. The other group should confine itself to final inspection and technical problems. 2. A complete system of spot inspection and final inspection of the completed article should be set up. **THIS WOULD RELEASE** several thousand inspectors and hundreds of thousands of gauges for work elsewhere. Economies effected might easily run into several million dollars. 3. The system which has been set up to effect savings on accessories to small arms should be extended to heavier guns. Great savings have been effected in the small arms production field through **SIMPLIFICATION OF DESIGN** and elimination of non-essential items. 4. Suggestions that the Industry and Subcontracting Branch should come to the rescue of small shops who find themselves jobless, by requiring the prime contractor to subcontract to those smaller shops, are found to be impracticable. The prime contractor cannot be made responsible for a contract and then be told where he should get his outside work. Recommended, however, is the addition to the contract with the original contractor of a clause requiring him to subcontract items where it is possible to do so consistent with efficiency and economy. 5. **NO MACHINE TOOLS** should be supplied to any prime contractor, where it is known that there exists unused machine tool capacity of the type required. 6. It is preferable to persuade prime contractors to subcontract rather than force them to do so. Further to explain the subcontracting program, expansion is recommended of the educational program of the Industry and Subcontracting Branch both to prime contractor and the general public.

Sessions of the Royal Commission investigating the **SHIPYARD SITUATION** on the west coast of Canada have begun in Vancouver, presided over by Mr. Justice S. E. Richards, of Winnipeg, and it is expected that within a short time it will be able to set at rest a problem that has agitated labor and management in British Columbia for a long time—whether continuous seven-day production with staggered shifts or the **OLD SIX-DAY** week schedule will result in more ships for the nation's wartime cargo fleet. Rear-Admiral Howard E. Vickery, co-chairman of the United States Maritime Commission, made a tour of inspection of Vancouver yards just before the arrival of the Richards Commission and, addressing a gathering of shipyard operators and engineering companies' executives, declared emphatically that the seven-day system is superior.

DECISION TO SUBSIDIZE the movement of crude oil into Canada by tanker to the extent of the increase in war risk insurance rates has been reached by the government. Cost of the subsidy, which will be administered by the Commodity Prices Stabilization Corporation Board for the W.T.P.B., may run by **DIRECT SUBSIDY** from the board. The subsidy will be paid to absorb the increase in basic war risk insurance rates which have taken place since January, 1942. The most important increase is a 225 per cent surcharge which came into effect in April and which has enormously increased the cost of laying down crude oil at seaboard. Presumably, if there are further increases in the rate due to any further increase in sinkings along the Atlantic seaboard, these increased costs will also be met by **DIRECT SUBSIDY** from the board. The subsidy will not be payable on crude oil brought in for re-export to Newfoundland or other countries. Agreement of the basis on which this subsidy is to be paid leaves only one important subsidy area still unsettled, namely the subsidy on cotton imports.

The government has decided to abandon its original intention to **CALL MEN BY LOT** when drafting them into the armed services. Questioned on this matter in the House by John Diefenbaker, M.P., Mr. Thorson admitted that the plan hadn't yet been worked out and wouldn't be available for the August call. It is now believed that the department has decided, after study, to abandon the whole scheme as impractical. In the United States the original method of calling up men by lot has also been abandoned.

Government control of the entire tea industry on an Empire-wide scale will come into effect within two or three weeks.

NUMBER 2

J. Langdon Takes Aggregate

Joan Panton Crowned Lady Of The Lake Before Large Crowd

Pleasing Ceremony in Wonderful Setting—Five Visitors Had Difficulty in Making Selection—Twelve Entries Would Do Credit to Hollywood—Virginia Pannabaker, of Spokane, was Placed Second, While Doreen Noble Was Third—Chinese and United States Entries Popular With Crowd—Committee Did Good Job on Float—New Location This Year

IN as pleasing a ceremony as the most discriminating could desire, Joan Panton, daughter of Dr. and Mrs. L. Panton, of Kelowna, was chosen as Lady of the Lake for 1942 and will act as titular head of the Kelowna Aquatic and the 1943 Regatta until her successor is chosen on the evening of the first Wednesday in August next. Miss Panton succeeds Morag MacDonald as Lady of the Lake, having been chosen from a group of as lovely girls as could be seen anywhere, not excepting Hollywood. About 1,200 saw the ceremony.

There were twelve aspirants to the title this year and they came from Kelowna, Spokane, Seattle, Vancouver, Victoria and Peachland. The ceremony took place in an ideal setting. Five judges had difficulty in reaching their conclusions, but when the verdict was finally given Miss Panton was awarded the title while Virginia Pannabaker, of Spokane, was awarded second place and Doreen Noble was given third.

The grandstand, bleachers and Aquatic pavilion were jammed by interested spectators, this year the ceremony taking place on a barge moored just outside the pool in front of the Aquatic.

The barge was the subject of much favorable comment. Some declare it to surpass any of its predecessors, but be that as it may, it was a masterpiece of design and execution. Harry T. Mitchell and R. P. "Tiny" Walrod were the recipients of many congratulations for their work.

It took five judges this year, so excellent were the title aspirants. The judges were Mrs. Grant Gunn, of Vancouver, Joe Greenough, Athletic Round Table of Spokane, Charles Reid, of Vancouver, Stu Keate, Vancouver Province, Jack Patterson, Vancouver Sun.

Each girl was sponsored by some group. The contestants were: Barbara Cook, sponsored by the Kelowna Elks; Betty Runcie, representing the Junior Board of Trade; Isobel Rhodes, the nominee of the Kelowna Gyro; Barbara Leake, who carried the Kelowna Rotary colors; Sen Law, who represented the Chinese League; Pat Longley, sponsored by the Kelowna Aquatic; Doreen Noble, the pride of the Hostess Club; Joan Panton, the hope of the Aquatic Ladies' Auxiliary; Marjorie Booth, of the Victoria Y; Audrey Aetzel, of the Vancouver Swimming Club; Virginia Pannabaker, of Spokane, and Pat Roberts, of Peachland High School.

The girls were judged on poise, character, figure, general appearance and personality. The judges knew them only by numbers. The girls were three-tiered, the throne being upon the highest tier. The girls made two circles of the dais before taking up their positions. Lady of the Lake Morag MacDonald was ensconced in the throne and flanked by Vice-Commodore Chief Justice W. B. Farris and Aquatic President Gordon Finch.

At her feet crouched her train bearer, two small Ethiopians. Over her head fluttered in the slight breeze the Canadian Ensign, the Union Jack, the Stars and Stripes, the Chinese and Soviet flags, and the emblems of the principal units of the United Nations.

Miss Sen Law, the petite entry of the Chinese League, received a tremendous ovation and it was evident that she was a popular contestant.

Miss Pannabaker, the lone entry from the United States, also drew very generous applause, and although all outside entries were warmly welcomed, it seemed as though a little special tribute was given the representative of our American cousins.

Following the announcement of the judges' decision, Miss MacDonald spoke briefly and relinquished the title. Turn to Page 10, Story 1.

Lady of the Lake

Charming Joan Panton, Aquatic Auxiliary nominee who was chosen as Kelowna's new Beauty Queen by judges last Wednesday night. The new Lady of the Lake is the daughter of Dr. and Mrs. L. A. C. Panton, of Kelowna, and succeeds Miss Morag MacDonald as reigning dignitary of Kelowna's 36th International "Thumbs Up" Regatta.

REGATTA EXTRA

A very few extra copies of the Regatta issue are available for sale. The demand has been so great that the supply is practically exhausted and it has been necessary to place a price of ten cents per copy on the available supply. This is done to ensure that those really wanting them, get them. If you desire a copy, contact the Courier as soon as possible.

Jaybees House to House Canvass Lists Over Three Hundred

Survey Secures Vital Information on Workers, Billets and Transportation For Labor Office Use

The house-to-house survey made last week by the Junior Board of Trade has resulted in the listing of 225 Kelowna residents who will be available full or part time during the picking season.

In addition to this labor pool, the survey resulted in the listing of a large number of homes where workers can be billeted. Many households have offered free accommodation, reports Chester Owen, Labor Committee secretary, and other residents will provide board and room or rooms alone at reasonable rates.

Mr. Owen paid tribute to the co-operation given by Kelowna citizens to the survey workers. The young ladies who called at every home in the city met with a favorable reception everywhere, he stated, "and many households, who were away from their homes during the time the listings were made, left the necessary information planned up outside the front door."

"The reception accorded and the results attained are extremely gratifying," continued Mr. Owen, "and the residents have helped in every way possible to make the survey a success."

Naturally, some households have been missed by the workers and, if they can accommodate pickers in their homes, or can personally assist in picking, they are asked to list their names with the Federal labor office on Bernard Avenue.

The survey has resulted in the labor office getting a complete picture of the workers, transportation and housing available during September and October. It will be of great assistance to the employment officials and will aid materially in solving the orchard labor question in the Kelowna area, officials state.

The big job of the house-to-house canvass of available orchard labor was carried out by the Kelowna Women's Red Cross Corps, and Mr. Owen states that the girls did a magnificent piece of work in an efficient and conscientious manner. In many cases they made return calls at homes where no response was secured on the first trip.

AUXILIARY PRESIDENT

Miss Chrissie Burt, left, hard-working prexy of the Ladies' Auxiliary, appeared completely unfurled on Wednesday as she relaxed with Mrs. Allison McCurrah. Miss Burt is serving her first year as Auxiliary president.

Canadian Medley Junior Relay Mark Cracked by Seattle Stars; Yanks Take Seven B.C. Titles

Washington Swimmers Dominate Wednesday Gala With Fine Performance—Vancouver Takes Four Championships—Perfect Weather and Close Races Please Large Crowd on Opening Day

WITH one Canadian record broken and other times in last year's races shaded by as much as eight seconds, Kelowna's International 36th "Thumbs Up" Regatta got underway with a bang last Wednesday afternoon. Before a large and enthusiastic crowd and under a hot August sun that meant "Regatta weather," a team of Seattle juniors knocked more than two seconds off the Canadian record in the 150 yard medley relay to swim the race in 1:28. The previous Canadian mark was 1:30 3-5.

The winners' time was all the more remarkable because they were not extended at all. When a bunch of Kamloops youngsters, who had cycled all the way from the main line to the Regatta, heard that there was no competition for the Seattle team, they were sporting enough to enter the race. Don Whyte, Jim McQuarrie and Bill McCord knew that they didn't stand a chance, but they didn't mind so long as the crack Seattle youngsters got a chance at the record. Bud Hill, Dick Campbell and Gordon Sherwood were the Washington Athletic Club team that set the new Canadian mark, and probably another second might have been wiped off the old time if they had been pushed. However, they set a mark that probably will stand for some time to come.

Eleven B.C. championship titles were decided during the afternoon's show, the Washington Swimming Club, from Seattle, walking off with seven, and Vancouver Swimming Club stars, led by Shirley Muir, taking the other four. Victoria's hard but failed to cop one title during the afternoon.

The 150 yards junior girls medley relay was another B.C. championship event, which a Seattle W.A.C. relay team won in a breeze over Vancouver Swimming Club's number one team. The Seattle girls swam in less than eight seconds off last year's record in the time of 1:45-2/5. The Seattle trio jumped into a quick lead and their ace, Liloune Wright, coasted home in front of Shirley Muir, by Ingis and Joanne Heaney were the other two Washington stars on the team.

In the gruelling one mile race, freestyle, ladies open, for the K.A. Cup, W.S.C.'s Pat O'Hara, fresh from triumphs south of the border, showed the way to Betty Evans, of Vancouver, and knocked off two seconds from last summer's mark. Her time was 28:54, and she won by fifty yards. Betty Evans swam a good race and against the best in the West she made a fine showing.

The 50 yards ladies open backstroke B.C. championship brought a bit of a surprise to Canadian fans when Liloune Wright edged out a narrow victory over Vancouver's own Joan Langdon, who arrived in Kelowna fresh from Eastern triumphs in the Canadian national events. The Seattle fish jumped into a short lead and was never caught, although she had to go all out to keep in front of Canada's backstroke queen. Time in this thriller was three seconds faster than last year's, the winner being clocked in 34-3/5 seconds, Macrina Booth, of Seattle's W.S.C., was a close third.

The 100 yards freestyle men's open, for the Hudson's Bay Cup, indicative of the B.C. championship, was all Seattle, with the W.S.C. sprinter, Bruce Donaldson, flashing to a finish inches in front of Carlos Rivas and Gordon Sherwood. Time Turn to Page 5, Story 2.

Vancouver Girl Piles Up More Than Hundred Points

Carlos Rivas Takes Men's Aggregate While Irene Strong, of Vancouver, Takes Junior Girls' and Gordon Sherwood, of Seattle, the Junior Boys'—Keen Competition and Fast Times But no Records Broken on Thursday—Training Centre Wins Military Competition

Large Crowd Sees Fine Show

Badly Training Centre 110 won the inter-unit competition without great difficulty. The three infantry regiments individually could not muster enough strength to save off the Centre's haul. Eugene Ryan, Kelowna boy, and former Seattle enthusiast, was one of the mainstays of the Training Centre team.

THE ladies' aggregate cup went to Joan Langdon for her sterling all-round performance in winning five firsts and one second to pile up over one hundred points to capture the women's aggregate without difficulty. The runner-up was Pat O'Hara, of Seattle. The men's aggregate went to Carlos Rivas, Seattle, while the junior girls' aggregate was taken by Irene Strong, of Vancouver, with Gordon Sherwood, of Seattle, taking the junior boys' aggregate.

Thursday's events were marked by many very close races and some fast times, although no records were broken. The day was ideal Regatta weather and the crowd was probably the largest ever to attend a Regatta here.

The program was diversified, with the pool events being so numerous as to not permit a pause. The water skiing drew applause and the flying fish drew many laughs.

One feature of the afternoon was the Winnipeg Light Infantry band which played selections throughout the afternoon from the beautiful barge used in the beauty pageant Wednesday night.

A solemn moment came when the band played the United States national anthem, and the whole crowd stood silent in tribute to our neighbors to the south.

A message received by the secretary of the Ladies' Auxiliary, Audrey Hughes, was of wide interest. It was from Miss Diana DeHart, a former president of the auxiliary for three years. She sent greetings and best wishes for a successful Regatta. She is now at Windsor, Ontario.

George Athans, one of the continent's star divers, left the hospital to be present during the afternoon. On Wednesday, he sustained a badly broken arm while clown diving.

The Thursday performance was undoubtedly the highlight of all Regattas. It was not quite as smooth in performance as many of the others, but this was because of a

BIG SHOW PLANNED TONIGHT

Entertainment Extraordinary Scheduled for This Evening—Big Military Parade

KEN LINDSAY FIGHT

Aquashow, Military Concert, Dances—Full Evening Provided

Kelowna's 36th International "Thumbs Up" Regatta will close tonight in a blaze of glory, figuratively and literally. That is no exaggerated statement—always taking the weather man into consideration. There has been entertainment extraordinary planned and those who miss the events will be regretting it tomorrow when they hear their friends tell about it.

Let's take a gander down the program and see just what has been arranged for your entertainment.

If you are intimately connected with the Regatta or are a visitor with some special Regatta interest, at six-fifteen, you are probably supposed to be attending one of the banquets. The men's is at the Royal Anne, while the women's is at the Willow Lodge.

If you're not at the banquets you are probably lucky as you will have an opportunity of seeing the big parade, scheduled to leave the Armory at seven-fifteen.

There will be a couple of hundred men from the Vernon Camp in full regalia. The Canadian Fusiliers, the Winnipeg Light Infantry, the Prince Albert Volunteers and the Basic Training Centre are each sending a platoon. These men will bivouac here till Friday morning.

It is expected that there may be a universal carrier or two and a couple of jeeps with the soldiers.

In addition to the soldiers, there will be the local unit of the Reserve Army, Sea Cadets, Boy Scouts, Girl Guides and a host of other marchers. It is said to be one of Kelowna's largest parades. There will be half

DUNCAN McTAVISH DIED THURSDAY

N. D. McTavish, one of Kelowna's oldest and most respected residents, passed away here on Thursday afternoon. Mr. McTavish had not been well for some weeks. He came to Kelowna in the very early days and founded the real estate and insurance firm of Mr. McTavish, Whillis and Gaddes. Later he has not been actively associated with the business.

Mr. McTavish was born in Scotland and came to Canada in 1880. He was a member of the Kelowna and District Masonic Lodge, No. 1234, and was a past master of the lodge. He was also a member of the Kelowna and District Odd Fellows Lodge, No. 1234, and was a past grand master of the lodge. He was a very successful businessman and was well known in the community. He is survived by his wife, Mrs. McTavish, and several children. The funeral will be held on Friday morning at 10 o'clock at the Kelowna Funeral Home. Burial will be in the Kelowna Cemetery.

George Athans Breaks Arm In Clown Diving Act Wednesday

Unfortunate Accident to Popular Diving Star Mars Otherwise Perfect Opening Day's Sport

In an unfortunate accident which cast a cloud over the final events of Wednesday's program, George Athans, outstanding diving star, suffered a broken arm while helping out with the clown act, "The Flying Fish."

The Vancouver-born Pacific Coast champion, who was a cinch to win the open diving title representative of the B.C. championship, turned in mid-air to avoid another diver during the act and his out-fung arm hit a part of the diving stand as he twisted in the air.

The accident was the toughest of luck for the popular young athlete who has charmed everyone with his pleasing personality and unassuming manner.

There was no desire on the part of the Regatta committee that he enter the clown act, in fact none expected him to do so, but Athans insisted on helping out in what he thought would be a lot of fun.

He received medical attention at the clubhouse and was then rushed to the Kelowna General Hospital where the arm was set.

Athans' injury leaves the championship diving event wide open, but the other entrants would all rather lose to Athans than win the title.

His injury is the first major accident at a Kelowna Regatta and will be deeply regretted by all who know him.

Shown above are the present members of the Wenatchee American Legion drum and bugle corps, now in its 16th season, oldest corps in the State of Washington. Only one member, Wm. J. Eakle, has been a member continuously for the entire period.

In the picture are seen the following, front row left to right: Emil Miller, Percy Bird, Byron Shrewsbury, Jack Vickery, A. R. Rodepouch, Garry Wolf, A. L. Dallam, manager, Lloyd Fairbanks, Guy Frank, drum major.

Middle row—Ira Gardner, Felix Kacson, O. K. Kane, Dyer Hanson, Smith Greenslade, Fred Wagner, Wm. J. Eakle, Charles Yerington.

Top row—Charles Palmer, Harley Kirby, William Dunn, Carol Waters, Clarence Edmisen, Ed Nyholm, Fritz Brant, Drum Major, Lucille Swin.

EXTRA SUGAR FOR APPLE PRESERVES

Housewives Can Get Extra Ration For All Fruit Put Up in Containers—Doesn't Apply to Fruit Sauces

As a result of the Wartime Prices and Trade Board ruling, that extra sugar cannot be secured or used in the making of apple sauce or other fresh fruit sauces, some confusion has arisen in regard to the preserving of apple sauce or apple butter.

Jack West, Tree Fruits advertising executive, points out that the prohibition for the use of sugar for stewed fruits does not apply when such fruit is preserved in jars. If had agricultural estimates under consideration, the following exchange took place—

"Mr. Fraser (Northumberland, Ont.) While I do not want to delay the proceedings of this committee unnecessarily, I feel that I should say a word on this item. This item covers one branch of the work of the Department of Agriculture, which has suffered considerably in 1939, 1940 and 1941. I refer to the apple-growing industry in the different provinces of Canada. I have had the pleasure of working in close contact and co-operation with the fruit growers of British Columbia, with the fruit growers of Nova Scotia with the Pomological Society of Quebec and with the Ontario Fruit Growers' Association. Having had that close association, I should like to offer the sincere appreciation of the apple growers of those provinces to the Minister; to the Deputy Minister; to the Hon. Member for the Fruit Commissioner; to Mr. Conger and to the various inspectors and departmental associates who have given their time and thought in order to protect the apple-growing industry which had become a war casualty."

The Board also corrects an impression that the purchaser may buy her whole supply of canning sugar at one time and use what is left over as part of her household ration.

On this point the Board states it is unlawful to buy sugar for canning ahead of immediate requirements. It is illegal to use what is left over as part of her household ration because Order No. 150, which covers sugar rationing, states that "no sugar acquired by a consumer for home preserving shall be used for any other purpose."

The ration division also points out that dried fruits do not come under the provisions for preserving.

Consumers who need sugar for preserving must fill in the sugar purchase voucher available at the retail store and it is essential that the ration book number be filled in.

GARDINER PRAISES COUNCIL

Waxes Enthusiastic About Work of Canadian Horticultural Council

The work of the Canadian Horticultural Council was reviewed in the House of Commons last week and Minister of Agriculture, Gardiner, praised the work of the Council.

The following extract from Hansard will be of interest to growers in this area who have always been enthusiastic supporters of the Council.

On Friday evening, July 24th, 1942, when the House of Commons was in session, the following exchange took place—

"Mr. Fraser (Northumberland, Ont.) While I do not want to delay the proceedings of this committee unnecessarily, I feel that I should say a word on this item. This item covers one branch of the work of the Department of Agriculture, which has suffered considerably in 1939, 1940 and 1941. I refer to the apple-growing industry in the different provinces of Canada. I have had the pleasure of working in close contact and co-operation with the fruit growers of British Columbia, with the fruit growers of Nova Scotia with the Pomological Society of Quebec and with the Ontario Fruit Growers' Association. Having had that close association, I should like to offer the sincere appreciation of the apple growers of those provinces to the Minister; to the Deputy Minister; to the Hon. Member for the Fruit Commissioner; to Mr. Conger and to the various inspectors and departmental associates who have given their time and thought in order to protect the apple-growing industry which had become a war casualty."

"I do not know whether it is fully appreciated, but the apple grower cannot take advantage of a diversified crop. The apple orchard produces only one crop, and is a lifetime investment. It is only because of the foresight and the co-operation of the gentlemen I have mentioned that the apple growers of Canada were able to survive in these years of depression caused by the cutting off of our export markets by the war. It is anticipated that the arrangements for 1942 will continue these good results. I want to thank the Minister and his departmental heads for the fact that this grant to the Canadian Horticultural Council is being continued. This Council, formed in 1916 under the secretaryship of Major Leslie Burrows, has been one of the finest agencies for dealing with the problems of the fruit and vegetable industry. At all times these problems have been directed to the Minister and his officials. I hope the committee will forgive me for taking up time in order to place these few words of appreciation and gratitude upon the record."

"Mr. Gardiner: I want to say to the Hon. Member for Northumberland, Ontario, (Mr. Fraser) that the Department of Agriculture, and I, as Minister, greatly appreciate the associations that have existed between the Horticultural Council and the Department. I had thought that if the Hon. Member for Northumberland (Mr. Senn) had been here I might have referred to the remarks he made about the marketing of beef and other products, to the effect that there should be producer representation. Since I have had the privilege of being Minister of Agriculture, the one group of farm producers who have maintained ideal relationships between the Department and their industry are those people who are associated with the Horticultural Council, and particularly the apple boards. They have not asked the Department or the Government to be represented in certain places. They set up an organization of their own, they have made known their needs and seen to it that the Department at all times knew what their organization thought ought to be done. They have worked consistently at the task of taking care of the interests of their producers. They have not wasted any of their energies in other directions. While the thanks of the growers of fruit, and particularly the apple growers, have been extended to the Department of Agriculture and to myself as Minister, I must say that a great part of the credit is due to the fact that the industry has been so well organized under the Council. They made their needs known from the first days of the war. I think they found the officials of the different Departments ready to sit down with them to work out their problems. The problems could not be dealt with entirely by the Department of Agriculture. The Department of

JULY WAS MUCH WETTER THAN LAST YEAR

Month Had Fewer Hot Days and Over Two Inches of Rainfall—Joe Rich Station Reports Wet Month With Cold Nights

The weather report for July released by Government Weather Observer Dave Chapman shows that the hottest day in July was Thursday, July 2, when the mercury hit 96 degrees. This was also the warmest day of the year to date. Although there was a fair amount of warm weather during the month, the nights were cool with the temperature in the fifties on most days.

The unusual amount of rain that has marked the spring and summer season, persisted during the month which had a precipitation of 2.14 inches. This amount far exceeds July, 1941, when only .06 inches of rain was recorded during the month. July, 1941, also had a higher maximum temperature with the mercury registering 102 degrees on July 17, 1941.

Average maximum temperature for July was 87.4 degrees and the average minimum 56.1.

At Mission Creek station at Joe Rich, Weather Observer C. H. Philpott reports that the past month was one of the wettest Julys on record with a total rainfall of 5.47 inches. This far exceeds that of July last year, when 2.26 inches were recorded.

Average maximum temperature was 79 degrees and average minimum 48.

"This grant which the Government is paying annually is but a fraction of the revenues of the Council. I cannot state accurately how many associations there are now members of the Council, but I will hazard a guess that it is between thirty and forty, and each of these associations, whether they be apple growers, or small fruit growers, or flower growers, or whatever they are, makes large contributions to the Horticultural Council. So long as I have been a Member of this House, in my endeavors to represent the fruit growers of the part of Canada that I represent, it has been of very great assistance to me to be able to turn to the information always available through the Secretary of the Horticultural Council."

"I should like to add this also—that the negotiations which the Minister has carried on, particularly with Nova Scotia and with British Columbia, have been greatly facilitated in that he had to deal in both those parts with Boards which were set up originally under the Natural Products Marketing Act. Although the act came to a sad end, the Boards persisted in the excellent work they had been doing. The functions of the Fruit Board in British Columbia are now being carried on for the purpose of co-operation with the Dominion Government, and functions which they carry out are carried out under an Order-in-Council of the War Measures Act. I very much trust that with this information it will be possible at some not very far distant date to resuscitate the marketing act under which such Board will be perpetuated."

Fruit and vegetable growers have supported the Canadian Horticultural Council all through its lifetime, despite certain criticisms and efforts made to dissuade them. Among the names of the various individuals chosen as President of the Council, which represents all the fruit and vegetable interests of Canada, including nurserymen and seedsmen, the following British Columbia representatives have guided its affairs: Lionel Taylor, Jas. Murray, Thomas Abriel, R. H. MacDonnell, M. V. Maguire, F. A. Lewis and A. K. Loyd. In addition to these Presidents, numerous other B.C. delegates have held Executive positions, and played a major part in managing the high level of the Council's service to the industry. We feel that the views expressed by Mr. Gardiner, Federal Minister of Agriculture, as reported in Hansard, are a general reflection of similar views held by individual members of the Federal Cabinet, and as such deserve wide publicity.

"Such outstanding expressions of appreciation of the Council must be a source of considerable gratification to the fruit and vegetable producers in British Columbia, and have a very important bearing on the fortunes of the producers in these lines throughout the province," said Gordon Des-Bray, President, B.C. Fruit Growers' Association, this week.

AUGUST ROUND TRIP FARES

Railways Announce Special Thirty Day Trips to East

Of special interest to travellers planning trips to the Prairies and points east to Port Arthur and Armstrong, Ont., is announcement by J. A. Brass, secretary, Canadian Passenger Association, that special thirty-day round trip fares will be available August 14, 15 and 16, from local agents of the Canadian National and Canadian Pacific Railways. Valid for return within thirty days, the special tickets will permit

of stopovers at all points, going or returning, and will be good for travel in coaches, tourist and standard sleeping cars.

NEW VEGETABLE

A specimen of the nation's latest vegetable, "celtuce," has been brought into The Courier by a local resident who has experimented with the newest hybrid, which is a cross between celery and lettuce.

The vegetable has a pleasant mild flavor resembling both celery and lettuce and can be eaten raw or cooked. It grows in a thick stalk with short leaves resembling lettuce. The heart or stalk is the main part of the new product and is tender and delicious.

RECRUIT YOUR FAMILY'S FAVOUR

● If your family is fussy about their food, then serve Libby's Prepared Mustard at every meal... a satin-smooth mustard, with a tingling nip and a delicious flavour, Libby's Prepared Mustard will bring out the flavour of any meat course. Keep it on the table always.

4 VANCOUVER GIRL

From Page 1, Column 8
large number of competitors. For instance, there were over fifty in the military events. Due to high water, competitors' accommodation was limited and a certain amount of confusion was inevitable.

Brigadier Colquhoun seemed to be thoroughly enjoying himself. He was a keen roofer for the men of the 10th Brigade.

The army events were keenly contested and it was evident that there was considerable rivalry between the men of the various units.

The army war canoe race was something of a surprise as the prize was won by the Prince Albert Volunteers, stroked their way to victory. Both army war canoe heats were close. In the first heat the Winnipeg Light Infantry sprinted to overtake a lead taken early by the Training Centre and nosed them out. Almost exactly the same thing happened in the heat between the Canadian Fusiliers and the Prince Alberts.

In the final, the Sea Cadet race between Kelowna and Pen-

tion, the local crew's sprint failed by a mere fraction of a foot, after having overcome a substantial lead. An unusual event is a dead heat in any distance swim, yet this did happen here in the Wrigley freestyle half-mile. Joan Langdon won it, but Shirley Muir and Pat O'Hara ran a dead heat for second place.

Brigadier Colquhoun, M.C. welcomed visitors to Kelowna's 36th "Thumbs Up" Regatta when he addressed the large Thursday afternoon crowd in a short and pleasing speech in his capacity of Commodore of the Regatta. The Commodore expressed his admiration of the setting of Kelowna's big gala and wished all competitors the best of luck. Helping the Brigadier to make the Regatta a success were 50 swimmers from the Vernon Camp.

An innovation tried this year was the competitors parade and the pool. Ruy Daughters and his Seattle team of thirteen led the parade, followed by Percy Norman and his fourteen swimmers from Vancouver, and Archie McKinnon, of the Victoria Y, with ten competitors, including Alice Thomson, Spokane, led by Joe Greenough, had seven competitors. In addition there were several smaller teams introduced.

The parade seemed to be a success and the crowd gave good hands to all teams, Spokane and Seattle getting a little extra "good neighbor" applause.

That Seattle flash, Liloune Wright, took the ladies' open yards freestyle, B.C. championship for the Daily Province Cup, by a Turn to page 5 story 4.

3 BIG SHOW

From page 1, column 7

dozen bands scurried through the marchers.

The saluting base is in front of the Royal Anne, where Regatta Commodore Brigadier W. G. Colquhoun, M.C., officer commanding 10th Infantry Brigade, and the Vernon Area, will take the salute.

You will hardly have time to see the parade and beat it over to the box lacrosse stadium, where Kenny Lindsay, leading contender for the world's bantamweight title, will give an exhibition with Henry Devine as his opponent.

These ladies are some of the scrappiest in the business and lovers of the padded gloves will be right in their glory.

At eight forty-five the spectacular aquathlon and military concert is scheduled to commence. The locale of this has been changed this year and it will be staged on the beach south of the Aquatic. Last year it was north of the Aquatic.

The change was made as better accommodation is available at this point.

There will be bands and plenty of concert talent. The Vernon Camp has been scoured for the best talent available, and a group of versatile artists have been welded into a complete two-hour concert.

This military concert is definitely something which you should not miss if you like music and humor.

But there is more to it than the concert. The waterfront will be the scene of a spectacular water show which will meet all your requirements.

A new departure last year, the boys have profited by that experience and all the little kinks have been ironed out.

The whole show will be illuminated and will consist of water skiing and jumping; a water ski jump through flame and a flame dive from the high springboard; there will be acrobatics by teams of two, three and four on the aquaplanes and water skis. Under the lights the scene will be thrilling and beautiful.

Then, too, there will be a Pro-Rec display by some of the foremost performers in the Valley. Bill Wilcox, Pro-Rec instructor, and his co-mates have some new stunts they say.

Thanks to the god of misfortune, George Athans, sixth best diver in the world, will not be able to give his exhibition of diving. He broke his arm on Wednesday and now reclines in Kelowna Hospital.

However, the Flying Fish will give an exhibition of fancy and comic diving, and while Athans will be missed, the Fish will provide many laughs and gasps.

The evening will end in a burst of glory when fireworks will mark the official end of the Regatta.

But the evening does not end with the fireworks. There are two dances scheduled. At the I.O.O.F. Hall and the Aquatic Pavilion. Two good orchestras have been arranged and all are set for a little relaxation to mark the close of a fine evening and the end of the 36th Annual International Regatta.

REGATTA COMMODORE

Brigadier W. G. Colquhoun, M.C., who is Commodore of Kelowna's 36th International "Thumbs Up" Regatta, is the officer commanding the 10th Infantry Brigade at Vernon. Brigadier Colquhoun, accompanied by Mrs. Colquhoun, presided over Thursday's festivities in his capacity of Regatta Commodore. The Commodore has rendered every assistance to Regatta officials in making the big gala an outstanding success.

Things Seen and Heard at the Regatta

THREE WEEKS AGO the Regatta was one big question mark. It always is, but it was recognized that, thanks to Adolf Hitler, male swimmers would be scarce this year, and the trouble has been to find men and the girl to get here. Three weeks ago, too, the features were a big wide vacancy. During the past week, the trouble has been to find time on the program for all that has been offered. On Friday night last the directors puzzled till two a.m. trying to finalize the program. Finally they had to move the Lady of the Lake contest out of Thursday night and into Wednesday night. The slight change meant that Lady of the Lake Morag MacDonald replaced the high water to court with and night to her successor, who presided over the Thursday show. From a poor reporter's point of view the change is all to the good, for Thursday night is always a nightmare.

TAKE THIS YEAR for example. How can one or two men be at the banquet, see the military parade and also be at the Kenny Lindsay fight, all at seven o'clock? It is just a little bit too much to ask even a reporter. I did want to see those Regatta fights. I know that the Lindsay-Devine exhibition will be good, but I would like to see the preliminaries being staged by men from the Vernon Camp. I imagine that I will be listed among the missing though at that event.

UNLESS ONE is intimately connected with Regatta affairs, one has no idea of the problems which arise and plague the officials in charge. As a "stand-in" who knows a bit of what goes on but yet does not have to worry about the outcome, I often wonder how in the deuce the Regatta is ever staged. But most things work out and the general public sees only the result and none of the heart-aches and gray hairs caused. A long list could be cited of the past week, but one incident will suffice to illustrate my point. The Vernon Camp has been most co-operative and to show local appreciation the wives of certain of the major officers have been asked to be present. They were to be guests of the Regatta and it was assumed that one or two rooms at the hotel would be available for them. The invitations were accepted and then it was discovered that no rooms were available. What now? The ladies' auxiliary officials asked themselves. Where are they going to change for the dance? Every plan was considered, but there were definite objections to every suggestion brought forth. Finally, it looked as though the auxiliary would have to ask the guests to go to the hotel to change for the banquet and dance. And they were pretty sick about it. However, on Sunday, the problem was solved. Mrs. D. McNair heard about the difficulty and offered the use of her home. She had already agreed to billet five swimmers, and now she said, in effect, that she would accommodate ten to a dozen strange women who would probably want to bathe and what not. The Aquatic auxiliary lost no time in accepting the offer with loud shouts of thanks. It was a magnificent gesture and one which the Aquatic officials appreciate. It is co-operation and generosity such as makes most Kelowna events a success, a practical exemplification of real community spirit.

ANOTHER EXAMPLE of co-operation at its best, is that being given by Brigadier Colquhoun and the officers and men from the Vernon Camp. Regatta officials have had wholehearted support from all ranks at the camp and the men have entered into Regatta spirit to the full. Brigadier Colquhoun is a firm believer in sports being a great morale builder in any army and encourages them to the utmost. Naturally, then, when approached about the Regatta, he was all for it. Lt.-Col. Beattie, of the Canadian Fusiliers, Lt.-Col. Cotton, of the Winnipeg Light Infantry, and Lt.-Col. Grant, of the Basic Training Centre, are all keen sportsmen. There is little doubt that in camp there are some outstanding athletes and that the military events were not in all senses of the word, a flop. Each seemed to be determined that it will hold the new President's Cup for the coming year. Gordon Finch, Aquatic prexy, has donated the cup and it will go to the unit winning the most points in the special military events. Everything that officers and men could do to further the "Thumbs Up" Regatta has been done, and done willingly. Kelowna and the Regatta officials are deeply appreciative.

THEY SAY CAST your bread upon the waters and it will return a thousandfold. At least, it is certain that if you build goodwill and friends, you cannot lose. Witness, for instance, the Wenatchee Legion Drum and Bugle Band. Some twenty men of that organization came here this year to brighten the Regatta and they came because Kelowna has consistently worked with the Wenatchee Apple Blossom Festival. Kelowna, for some year has sent a Princess down to the Washington city and co-operated in every way it could. The Okanagan Valley Tourist Bureau sent a Princess down solely to maintain connection and to promote goodwill between Washington and ourselves. This year the Wenatchee Legion is making the same gesture and sending the band here.

WEDNESDAY MORNING... and bright and fair and still. Is it possible for the weatherman is going to smile for the next two days? Was doubtless yesterday when the barometer started falling and kept up the slide all day. "I would be a pity if it rained as this year has been a tough one to organize." To forget everything else there was the high water to court with and this for a while threatened to force a cancellation of the whole show. But it only served to put the ingenuity of the Aquatic officials to the test, and the manner they have circumvented the difficulties will surprise the crowd when they walk into the area this afternoon. Incidentally, the accommodation looks better than ever before. More persons will be seated and more comfortably. The high water, if not completely eliminated, has definitely been routed.

TUESDAY evening was almost a regatta itself. A half hundred swimmers sported in the pool to try their style while on the diving stand there were three or four of the best divers. George Athans, world's sixth best, gave a preliminary exhibition and it did not take the crowd long to catch on who was upon the stand. Generous applause greeted his efforts. The gallery, by the way, was filled and the odd thing of it was the number of strange faces.

ONE OF THE little things that happen to the best of plans developed Tuesday afternoon when Coach Roy Longley was called to Vernon on business and it became evident that he would be there until Thursday afternoon. It was a blow to plans as Roy had several important details in hand. It meant a complete switch of duties and several gave unexpected yeoman service. Kelowna swimmers will be handicapped without Roy's expert advice.

SPEAKING OF yeoman service, George Athans deserves an orchid or two. A visitor, there was no need for him to hitch in and do any real manual labor, but that is just what he did do. He worked most of Tuesday afternoon, helping with the diving board. It is things like

that, that are appreciated.

A NEW innovation this year is having the judges and the timers out on the west side of the pool. A small extra platform was added to one end of the float and benches and a small table placed thereon. This makes it possible for a number of officials to carry out their duties better and at the same time relieves congestion on the officials' stand.

WEDNESDAY afternoon, and it is hot at this press table. My kingdom for a hat!

Real sporting spirit was shown by a couple of youngsters from Kamloops who biked all the way down to Kelowna and put up at the Youth Hostel. Billees were offered them but they decided they would rather stay to the Y.H.A. Don Whyte and John McQuarrie were their names. Hope they do well in the races.

LOUIS Egan, Spokane, who was here last year and won the men's aggregate, is back this year and he did not come alone. He brought his whole family with him. That is the kind of advertising the Regatta does for Kelowna.

ALONG THIS line, also might be mentioned the number of Coast people who have spent their holidays here. They expressed regret that they did not time it to take in the Regatta. Many of them returned to the Coast during the past two weeks vowing that next year they will be here, if they must change their plans completely.

OLIVE French was not a happy girl on Tuesday evening. The Victoria girl discovered that her wallet was missing from her purse and the last time she had seen it was several hours before. It contained a little money, her transportation back to Victoria, her registration card and several other valuable papers. She was rather sick about the whole thing, not minding the loss of the money as much as her ticket and papers. Luckily on Wednesday it turned up at one of the stores.

THE BUSIEST person around the Aquatic building on Tuesday evening was "Duty" Hughes. The click-clack of her heels as she trotted to and fro made a staccato echo to the carpenter's hammers.

THE FIRST event of the Regatta started off with practically a dead heat. There was not a hand between the three swimmers. It was a tough spot for the judges and one which I was glad to be out of. It is not often a swimming race is that close.

THE FUNNIEST sight of Wednesday afternoon was Bob Seath in a sun helmet. A hat just does not look right on Bob—but a sun helmet! He was wearing the hat, he said, as protection for his head. He gave the top of his head a nasty crack and split open the scalp on Tuesday night going too quickly through a low door in the pavilion.

WEDNESDAY saw a good opening crowd in attendance. It augured well for an overflow crowd on Thursday.

THE WEATHER was as though it had been baked specially for the Kelowna Regatta. Warm, clear and not a ripple on the water.

THE WENATCHEE Drum and Bugle band was given an ovation as they came to the Aquatic on the "Pendol". The ferry stopped close in to the Aquatic and the band played a couple of tunes and the crowd cheered. The ferry was taken across the lake by a fleet of youngsters in their kayaks. They lined up on either side of the ferry and saw that she got safely across.

THE WENATCHEE band here this year is not the one which has appeared here before. In other years it was the Junior Eagles. This year it is the American Legion Post band. It is the oldest aggregation of its kind in the State of Washington, and has won the state championship on several occasions. It comes here this year as a neighborly gesture, in token of Kelowna's consistent support of the Wenatchee Apple Blossom Festival.

DON FILLMORE presided at the mike of the p.a. system. He did a good job of it, too. Bert Johnston, the old maestro, is not present this year, due to business reasons.

IT WAS A tough break about George Athans. He had made himself, many friends during the few hours he had been here before his accident. He really planned to show his wares Thursday night but that, of course, is all off now. Those who saw him perform on Tuesday night were lucky.

RAY DAUGHTERS, famous Seattle coach, said on Wednesday that he could kick himself for not having accepted Kelowna by invitation before. He had little idea of the Kelowna show, and in addition, the dates frequently conflict with the U.S. nationals. Anyway, he is here with a strong team this year and is apparently sold on the place. He was loud in his praises of the setting and the manner in which the whole show is handled. Daughters, I believe, is another convert.

DAUGHTERS made an interesting comment about the water. His swimmers seem to feel it has more buoyancy than that to which they are accustomed. He thought it should make for fast times. Another thing which he thought was an advantage was the open pool. "It looks small; not like twenty-five yards," he said. "It is the perspective. The result is that the girls can hardly believe they have covered the twenty-five yards and do not mind a bit."

ODDLY enough within ten minutes of Daughters making that observation, Joan Langdon said to me, "There's something funny about the water." The flood seems to have done it good. It's easy to swim in. I like it.

THE SEA CADET race was a thriller, with the team of Blackwood, Shelley, Young, Horn and McCormick coming from a long way out to nose out their rivals. It was a great spurt which carried them across the line. The kids deserve credit for not giving up because they appeared to be hopelessly outdistanced.

ARCHIE McKinnon, Victoria coach, persuaded Alice Thomson to

Fights Tonight

KENNY LINDSAY,

who will tangle with Henry Devine in the six-round feature attraction at the Regatta boxing show at the City Park lacrosse stadium. Preliminaries start at 7:30 p.m. sharp.

stay out of the longer swims. "She just isn't in shape," he said. "She has been working from three to eleven at night and it is pretty hard to work those hours and keep in shape to make a swimming star. Last year she was really wonderful, but this year she needs more training."

WEDNESDAY evening the Pentiction Sea Cadet band and the Wenatchee American Legion Drum and Bugle band strutted their stuff. They paraded to the Aquatic where, near the fountain, they played several numbers each and went through complicated manoeuvres. The Wenatchee band was colorful. The drum major was all in red and twirled his baton in fine style. The twenty-odd members of the band wore uniforms resembling Mounties. Scarlet tunics embellished with yellow braid; trousers of a bright blue and steel-hat. They were crowd pleasers.

THE LADY of the Lake contest was a durb. Best yet from most points of view—and that is no pun. Any town could be proud of that group of twelve girls, every one of them would make a very acceptable Lady of the Lake. The judges were not all in actual agreement, although speaking broadly the selection was unanimous. But it was lucky the committee had chosen five judges. Personally, I would not have liked to have had the task.

HARRY "Suits" Mitchell and R. P. "Toby" Walrod, certainly did a fine job on the barge. It's too difficult to describe and those who did not see it must take my word for it that it was a thing of beauty. Come to think of it, the barge, when the girls were on it, was certainly a "thing of beauty and a joy for ever."

THE BARGE was placed just outside the pool and the spectators were cool and comfortable in the grandstand and bleachers. It was an experiment and a successful one. More than seven hundred paid their dime to see the ceremony. Actually it is the oldest aggregation of its kind in the State of Washington, and has won the state championship on several occasions. It comes here this year as a neighborly gesture, in token of Kelowna's consistent support of the Wenatchee Apple Blossom Festival.

THE ONLY criticism that I have heard about the Lady of the Lake contest was that the lighting was not quite adequate. A little better lighting would have improved the whole affair, but that is something the boys have learned by experience. The lighting was a problem and they knew it, but they figured that they had conquered. They hadn't quite.

SEN LAW was a popular contestant and a large percentage of the crowd was pulling for her to show among the winners.

The organization fell down badly Wednesday night as far as the exit lighting was concerned. Following the finale fanfare of the beauty pageant, the lights were doused that the stage might be cleared but no other lighting was switched on in the grandstand and pavilion. The result was twelve hundred people milled around through the dark in the general direction of the exits. One spot a light was badly needed was in the passageway from the grandstand. At least one bad fall occurred here. This is something definitely to watch another year.

Thursday weather—Just Perfect!! The gods surely smile on the Kelowna Regatta. This is at least five years now that there hasn't been a cloud in the sky during Regatta days. As someone says, "we must

George Sexsmith spent a few days holiday at Dee Lake last week.

The Misses Berna and Isla McCallum, of Pentiction, are visiting at the home of Mr. and Mrs. H. Parkins.

Mrs. Mildred McCarthy, of Vancouver, and Mrs. Doris Peaty, of Pentiction, are Kelowna Regatta visitors.

Rev. Father J. MacDonald, of Ottawa, Ont., who had been visiting his uncle, Rev. W. B. McKenzie, left early this week for his home.

Wm. Harding, of Toronto, is visiting his brother, Rev. Father Harding, assisting Rev. W. B. McKenzie, of Kelowna.

H. Jamieson, of Kelowna, is spending a short holiday in Vancouver, and is a guest at Sylvia Court Hotel.

live right.

Joe Greenough, of Spokane, who represents the Spokane Athletic Round Table and brought the Spokane group here, explains that the Round Table is a wacky businessmen's club which raises funds and spends it on worthwhile civic enterprises. They have spent over \$200,000.00 on projects to develop the youth of that city both morally and physically. The Round Table financed the Spokane group's trip to Kelowna.

With limited accommodation women's banquet tickets have been scarce as hen's teeth. The Auxiliary had to make a drastic decision when it became evident that a large number of important visitors would be present. That decision was that no house-guests could be invited this year and many local people who ordinarily attend have been asked "Would you mind...?" A very few local people will get an opportunity to attend. Even most of the members of the executive will not be able to have their dinner. It's tough but the reason is limited accommodation.

The gate on Wednesday was thirty dollars greater than that of a year ago, indicating a good opening day. The gate was larger and this year, in addition, children were allowed in free, which was not so last year.

The Pentiction Sea Cadet band and the Wenatchee band gave generous performances on the streets Thursday morning.

Well, Jim Burns did not turn up. Joe Greenough, representative of the Spokane Athletic Round Table, tells us Jim is in the east with the U.S. Army Air Corps.

Hours of Worship, 11 a.m., and 7:30 p.m.

Guest Speaker: Rev. C. R. McILLIVRAY, M.A., Penticton.

EVANGEL TABERNACLE

238 Bertram St.

Pastor—P. S. Jones

D.V.B.S.

Commencement Exercises, Friday evening, July 31, 7:30 p.m.

EVERYBODY WELCOME

Come and visit us.

NOTICE

Peter Stormont, Deceased

NOTICE IS HEREBY GIVEN that all persons having claims against the estate of Peter Stormont, of Kelowna, B.C., who died on the 30th March, 1942, are required on or before the 22nd November, 1942, to deliver or send by prepaid letter full particulars of their claims duly verified to THE ROYAL TRUST COMPANY, the Executor of the will of the deceased, at its office, 626 West Pender Street, Vancouver, B.C.

AND TAKE NOTICE that after the last-mentioned date the Executor will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard only to the claims of which notice shall then have been received.

DATED this 22nd day of July, 1942.

First New Englander: "So you had an operation on your nose?"

Second New Englander: "Yes, it was getting so I could hardly talk through it."

2 CANADIAN MEDLEY

From Page 1, Column 5

In this race was 55-1/5 seconds, which is good in any company.

The 100 yards ladies' freestyle event, likewise a B.C. championship event, was a real thriller from start to finish.

The Vancouver Swim Club, getting the verdict by an eyelash.

Seattle's Pat O'Hara. A few yards from the finish it looked as if another B.C. title was going to Washington, but Joan put on one of her famous sprints and caught up in the last two yards to cop the verdict.

The race was run in the fast time of 1:07 flat.

B.C. retained another title in the 50 yards breaststroke for junior girls.

Irene Strong, of the Crescent Beach Club, won a narrow decision over Joan Morgan, of the Victoria Y club.

The winner took a short lead at the start and held it to win the race in the good time of 37-2/5 seconds.

Joanne Heaney, of Seattle, was a close third.

Seattle's W.A.C. took home another D.C. crown when its men's team took the 300 yards medley open relay.

The whites jumped into a lead in the first lap and widened it to win by a city block.

Time for the race was 3:14-2/5. Seattle W.A.C. 'B' team was second and Victoria third.

Joanne Heaney, of Seattle, was a close third.

The Yanks are experts at the new over-arm breaststroke, and another B.C. title went across the line when Carlos Rivas won a close decision in the 100 yards open breaststroke over his team-mate, Bud Hill.

Hugh Reston, of Victoria, third.

The 100 yards freestyle for junior girls is one B.C. championship that will stay in the province.

Shirley Muir, of the Vancouver S.C., won the sprint in 1:07-4/5 over Irene Strong, of the Crescent Beach Club.

Betty Brett, of Vancouver, was third in a close race.

The 150 yards ladies' open medley relay produced a thrilling contest between Seattle and the girls from Victoria.

Macrina Boothie turned on the heat for Victoria in the second lap and passed Seattle's Liliane Wright swimming backstroke.

However, Joanne Heaney was too much for Alice Thomson and overcame the short lead, to win by inches and take back another B.C. title to Washington.

Time was 1:45-4/5.

The junior girls 50 yards B.C. championship backstroke race was a triumph for Shirley Muir, of Vancouver.

She held a two-yard lead through most of the race, and the real battle was put on by Irene Strong, of Crescent Beach, and Joan Morgan, of the Victoria Y club.

Seattle took the decision by an eyelash. Shirley Muir swam the race in 37 seconds flat.

Interior Titles

Kelowna won eight of the Interior of B.C. championships during Wednesday afternoon, Kamloops taking the remaining two.

In the 50 yards freestyle for boys 16 and under, McCord, of Kamloops, won over Jack Dawson, of Kelowna, with Don Whyte, of Kamloops, a bang-up third.

This race, which opened the day's events, was close up to the last foot and only inches separated the first and three contestants.

The interior title and the Monogram Gin Cup will rest in Kamloops.

In the 50 yards freestyle for girls 16 and under, Kelowna's own Betty Runcie took the interior title and the Kelowna Furniture Store Cup with a close win over clubmates Betty Sargent and Jane Stirling.

The winner swam the race in the good time of 32-3/5 seconds.

Betty Cross, of Kelowna, won the Interior diving title and the Cunard Cup for girls 16 and under with a pleasing exhibition from the three-metre board.

The 25 yards freestyle for boys 12 and under was taken by Bob Joy, of Kelowna, after a close race. Team-mate Duncan Willis gave the winner a hard fight.

AND TAKE NOTICE that after the last-mentioned date the Executor will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard only to the claims of which notice shall then have been received.

DATED this 22nd day of July, 1942.

SECRETARY LEAVES HOSPITAL

J. H. Garfield Leaves Due to Ill Health — Other Staff Changes

J. H. Garfield, Secretary of the Kelowna Hospital Society, has tendered his resignation, which will become effective after a new appointment is made this month.

No appointment has been made as yet, the hospital board considering one or two applications. It is expected the board's decision will be made within the week.

Mr. Garfield came here from Vancouver in May last, when he succeeded Mr. Russell who left to assume new duties with the Chilliwack Hospital. Ill health is the reason for Mr. Garfield's resignation.

During the next few weeks several other staff changes will take place at the Hospital. Miss H. dePuyffler has resigned as stenographer and seven nurses are leaving during the current month.

Lowina, Time, 1:44 seconds.

100 yards freestyle, ladies open, B.C. championship: 1, Joan Langdon, Vancouver; 2, Pat O'Hara, Seattle; 3, Genevieve Luce, Spokane. Time, 1:07.

Three-metre diving, boys and girls under 12: 1, Rhoda Simpson; 2, Betty Cross; 3, Howard Harding, all of Kelowna.

WHAT ABOUT COAL SHORTAGES THIS WINTER?

We hear this question every day.

Here's the answer: There is a fair amount of coal available, but there is going to be a shortage of railroad cars to haul the coal from the mines to Kelowna—You can protect yourself by ordering your coal NOW.

GEORGE ELLIS, Representative,
KELOWNA, B.C.

VERNON SOLDIERS BIVOUAC AT PETRIE'S COR.

Convoy From Vernon Spend Monday Night at Resort and Lend Military Touch

About two hundred and fifty soldiers from the Vernon Camp bivouacked at Petrie's Corner on Monday night, and the entire place was under military guard, which was quite exciting for the occupants of Lake Shore Inn and all the other guests. The soldier boys enjoyed the swimming after their long trek from Vernon. Four trucks accompanied them, and were camouflaged with limbs and leaves of trees.

Guests at Petrie's Lake Shore Inn: J. G. Goddard and son, Esq.; Robert Hirsch, Esq.; Pte. Gid. Legare, Cassiniban, Sask.; Jack Tammat, Saskatoon, Sask.

Mrs. Ansell and Mrs. George Campbell chaperoned about nineteen young ladies from Rutland at Petrie's Corner, arriving on Friday and leaving for home on Tuesday. Most of the girls were Guides, but this was not an official Guide camp.

Andy Cook, Jr., and Jackie Edmunds arrived home on Saturday from their holiday at Lavington with Mr. and Mrs. Frank Pow, Jackie's brother-in-law and sister.

Pamela Pollard had a tonsillectomy on Thursday at the Kelowna General Hospital, and is reported as doing fine.

Mrs. J. W. Arnold went by bus to Penticton on Saturday to visit her son and daughter-in-law, Mr. and Mrs. Arthur Arnold, returning on Sunday.

Mrs. S. C. Jones went to Vernon on Thursday to spend a few days with her son, Don, and family.

Mrs. F. Milner and son Gordon, who had been visiting Mr. and Mrs. Nelson Arnold for a week, left by train on Saturday for their home in Vancouver.

Mrs. E. Fisher and son Brian are visiting Mr. and Mrs. A. Milne and incidentally helping with the thinning.

Mrs. R. P. White, Mary and Nancy returned from Lavington on Saturday, after a visit to Mrs. White's parents, Mr. and Mrs. Ashman.

Mrs. V. R. McDonagh went to Enderby on Friday to visit her parents, Mr. and Mrs. Edstone, and returned on Sunday with her son and daughter-in-law, Mr. and Mrs. Alec McDonagh, who motored up for her.

Mrs. Bates, of Saskatoon, Sask., is visiting her son, Albert, who has been in the district for some time.

T. Gordon Aberdeen, M.R.A.I.C., and Mrs. Aberdeen, of Edmonton, Alberta, arrived via C.P.R. on Monday for a visit with their uncle and aunt, Mr. and Mrs. Aberdeen and family, and are looking forward to seeing the Kelowna Regatta while in the Valley. Gordon Aberdeen is an architect in the Public Works Department of the Alberta Government.

Mr. Konig left on Saturday for

Inland "Ocean" Cruise on Great Lakes

The ocean voyage is a pre-war luxury now denied vacationists who favor shipboard life; wartime hazards and the fact that all ocean shipping is engaged in vital supply service render pleasure cruises at sea out of the question. But Canadians are fortunate inasmuch as they have an excellent and realistic substitute right on their front doorstep: the Great Lakes.

Great Lakes cruises by the Canadian Pacific Great Lakes Steamship Service provide a holiday that is different, offering as it does the tang of open water and the incomparable relaxation and friendliness of boat travel.

The sailings of the Canadian Pacific ships from Port McNicoll to Fort William also afford an attractive alternative route for part of a trans-Canada trip.

The Canadian Pacific Steamships Keewatin and Assiniboia ply the 542 miles between Port McNicoll and Fort William in slightly over a day and a half. A third gleaming white ship, the C.P.S. Manitoba, calls at Owen Sound. All three are famous for their luxurious appointments and the high culture of their cuisine and service. All are equipped for a wide variety of deck sports.

There are two eastward and two westward sailings each week during the regular season, June 17 to September 16, and after the latter date special sailings are frequently arranged to handle freight shipments, and accommodations are made available then for a limited number of passengers. During part of the journey, the boats follow the shoreline with

its enchanting scenery, but at other times are completely out of sight of land. On the eastern leg of the trip, the ships pass through beautiful Georgian Bay and emerge into Lake Huron, 207 miles long and 101 miles wide, second largest of the Great Lakes. The St. Mary's River, which is the international boundary at that point, and the Sault Ste. Marie Canal, lead to Lake Superior, Marie and into Lake Superior, largest body of fresh water in the world.

A Canadian Pacific voyage through the Great Lakes carries the traveller along water-routes famous in Canadian history from Indian days down through the pioneering years of the first French explorers, missionaries and colonists.

Vancouver to bring his family for residence in the Winfield district, having completed their new home.

Jim Clark has been home on leave for the past two weeks, visiting his family. He doesn't know whether he will be stationed at Victoria or somewhere in the Interior.

Mr. and Mrs. T. Halford, of Vancouver, are visiting their son-in-law and daughter, Mr. and Mrs. Bertram Patterson. They have just returned from two weeks' stay at Beaver Lake, where they occupied Mr. Patterson's cabin.

Mr. and Mrs. Graves have recently returned to the Mission to take up residence.

BOYSCOUT COLUMN

1st Kelowna Troop
Troop First
Self Last

3rd August, 1942.
These are very busy days and the calls upon the services of the Troop increase, which makes it difficult for us as what with so many of the strength working long hours and others absent from town, we have only a skeleton Troop with which to carry on during the school summer holidays.

We appreciate very much the responses to our request for old medicine bottles, and as soon as the Regatta is over we shall arrange to pick up all those of which we have already received notice that they are waiting for us. As soon as the schools reopen and we resume our regular weekly rallies we shall probably arrange for a house-to-house canvass in the town, with the assistance of the 2nd Kelowna Troop, who are acting jointly with us in this collection. We are also hoping that the Rutland and Okanagan Mission Troops will be able to look after their respective districts, and we shall be glad to receive a large collection of bottles, etc., from the receiving booths they are furnishing in the Park for us while the Regatta is on.

It is also possible that we shall be arranging for a house-to-house canvass to collect old apple boxes, with the assistance and co-operation of the Troop, and the local Corps of Sea Cadets. Apparently there is going to be an acute shortage of new boxes, and these old boxes are going to be very badly needed for the packing of the crop this year.

OKANAGAN MISSION

Miss Lucy Krater, Health Nurse in Oliver and district, is the guest of Mr. and Mrs. Ed. Coelen for Regatta Week.

Miss Kathleen Sealy, who had been camping with the Girl Guides at the Centre, returned to her home last week-end when the camp broke up last Friday.

An adventurous Mission motorist recently drove to Horse Creek over the Naramata road, but owing to the state of the road at present the journey was rather perilous, with poor fishing when they finally reached their destination.

The apricot season is nearly over, and fruit farmers and housewives are preparing for peaches, which come next.

Major T. D. Shaw MacLaren, of Oyama, was the guest of Mr. and Mrs. St. G. P. Baldwin last week-end.

Miss Leslie Hay was a visitor to Beaver Lake last week.

Mr. and Mrs. Robbins and small son, who had been the guests of Mr. and Mrs. Vic DeHart for the last few weeks, returned to their home in Vancouver last Monday.

Norman Apsey, who is taking his two months basic training at Chilliwack, was home for 48 hours leave last week-end.

Miss Betty Simeon, who has been living at the Coast for the past year or more, returned to Okanagan Mission last Saturday and is the guest of Mrs. "Jo" Baker. Miss Simeon has obtained employment in Kelowna.

GIRL GUIDE NOTES

1st Kelowna Girl Guide Company

The Company returned from Gibsons, Okanagan Centre, last Friday, after spending a very enjoyable eight day camp there. Twenty-one girls went out on July 23, with Mrs. H. W. Arbuckle as Commandant, C.L. Kay Sealy in charge of the swimming, and Miss M. L. Aitken, Quartermaster. On Sunday we were glad to have more Guides were able to join us, Sunday was Visitor's Day, and we were pleased to have so many parents and friends to see us. We also appreciated their gifts, and we are especially grateful to those who supplied us with transportation.

The camp was voted "the best yet" and, except when the weather upset our routine, the daily programs we arranged were carried out. We had four patrols: Bluebirds, P.L. Jane Weddell, Larks, P.L. Molly Noonan, Canaries and Orioles, Acting P.L. Betty Ryder, and Nightingales, Acting P.L. Jane Stirling. Considering that only one Patrol Leader had been to camp in that capacity before, and it was the first experience of camping for a number of the girls, they all did well. The daily tent inspection, saving and throwing the points awarded for duties and "lights out," was keenly contested. The Canary Patrol obtained the highest number of points, 208, with the Bluebirds a close second with 205, Larks 197 and Nightingales 183. The Larks again made the most gadgets and collected the most curios.

On Sunday we had some aquatic sports, the Nightingales obtaining 25, the highest number of points, with Jane Stirling securing the highest number of individual points. The Lark Patrol was a close second, with 22 points.

A considerable amount of Guide work was done each morning, and a number of tests were passed. In the afternoon an hour was devoted to work on the baby layette for the Countess of Bessborough's Shield competition. C.L. Kay Sealy gave instruction in swimming, life saving and throwing the points. Miss Aitken examined some of the girls in these tests, and it is hoped that they will complete the First Class tests in them this summer.

The storms earlier in the summer had washed away the little camp wharf, so a temporary one was built under C.L. Kay Sealy's superintendence, also a substantial raft for diving, which was great fun. All hands were needed to launch it.

One evening we had an observation hike, which was won by the Canaries, and the Larks won the treasure hunt another day. The Camp Fire programs were very good this year, especially that of the Canaries on Sunday evening and of the Larks the last night, when we had a fancy dress parade, with some quite original costumes. Health and appetites were good and did full justice to the excellent meals prepared by the Quartermaster, assisted each day by the Patrol designated to cook duties that day. The cook-house erected by the Sea Cadets this spring was a great help in preparing the meals and to serve as a shelter when the weather was unkind to us. We managed to hold a mock track meet in it one rainy evening, and it was such good fun, too, that we forgot the rain.

We did wish that more of the girls could have been with us, but they were working and doing their duty. It was very kind of Mr. Gibson to allow us to camp on his property, and he has invited us to go there again next year, when we hope everyone will be able to go.

Mr. and Mrs. Gordon Cully, of Vancouver, have been the guests of Mr. and Mrs. E. C. Paynter, of Westbank, for the past week.

LAND SAKES, OF COURSE I ALWAYS USE

GRANNY'S PIES TASTED BETTER... stayed fresh longer, because she insisted on Silverleaf, Swift's famous Lard with the sweet-nutty flavour. The lard that keeps so much longer, is always uniform. For pies like Granny used to bake, insist on Swift's Silverleaf Lard. Swift Canadian Co., Limited.

GYRO PRESIDENT STRESSES NEED OF GOODWILL

R. G. Rutherford, International Gyro Head, Pleads for Understanding Between Nations

In an inspiring address to the Kelowna Rotary Club some days ago, R. G. Rutherford, International Gyro Club President, turned his thoughts to International Goodwill as the subject of his address.

"The local police report for the past month shows that a number of fines have been inflicted upon automobile drivers who are bitten with the speed bug."

"The rather unusual spectacle of a peaceful old milk cow attired in a Mexican saddle, like an 'outlaw' broncho, was afforded on Monday, when a party of labor-saving disposition returned from down the lake. An excited and frankly inquisitive calf followed the charger, bellowing its surprise and anxiety, while, sniffing cautiously at the weird combination."

"According to a report submitted to the City Council by T. E. Cooper, City Assessor, the total assessable value of land within the city in 1912 was \$2,484,200 and of improvements, \$845,450. This disparity has

now been removed by the reduction in land values following the First Great War, while construction of buildings has shown healthy and continuous growth. For 1942, the assessment figures are: Taxable lands, \$1,249,497.50; lands exempt from taxation, \$320,200.00; total valuation of land, \$1,569,697.50. Taxable improvements, \$4,155,078.00; Improvements' exempt from taxation, \$653,660.00; total valuation of improvements, \$4,808,738.00. Total municipal valuation, \$6,378,345.50.

TWENTY YEARS AGO
Thursday, August 3, 1922
"During the last few days a canvassing campaign has been started to obtain additional members for the Kelowna Agricultural Society. There has been an exceptionally good re-

sponse by the public, over two hundred membership tickets having been sold already, although the greater part of the district has not yet been covered."

"The provincial road authorities are hampered at the present time in their efforts to keep the roads in a good state for traffic by the practice of orchardists letting their surplus water flow over the public highways. So far, no prosecutions have been made, but such leniency is not likely to continue if offenders continue to persist in their practice."

TEN YEARS AGO
Thursday, August 4, 1932

A former student of the Kelowna schools, Duncan McNaughton, of Vancouver, won the final of the high jump at the Olympic Games, at Los Angeles, Cal., on August 1st, clearing a measured height of six feet.

five and five-eighths inches. McNaughton resided in Kelowna for several years with his father and mother, Mr. and Mrs. A. L. McNaughton, and received his early athletic training here.

At the invitation of Associated Growers, Sales Service, and B.C. Fruit Shippers, Ltd., sponsors of the

Quota Adjudicator Plan for marketing the 1932 fruit crop, eleven Okanagan Valley bankers, in addition to business men and representatives of various independent packing houses, attended a meeting in Kelowna on July 29th, when the gravity of the fruit marketing situation was fully discussed. As a result of the all-day discussion, in

which only two or three of the bank managers' present took part, the faction opposed to the Quota Adjudicator Plan decided to call a meeting of the Shippers' Council to examine the details of the two rival marketing schemes with a view to reaching a compromise. After this meeting, both groups would meet in an endeavor to reach a basis of

The deepest oil well in the world extends less than three miles downward.

Pimple Scars

The scars from pimples will usually disappear very soon if they are bathed with a solution of boracic acid, followed by an application of zinc ointment.

The speaker spoke chiefly on Rotary and Gyro and traced the similarity in the aims of these two organizations in the field of friendship between nations.

He pointed out that both clubs had started in the United States and stressed the goodwill between Canada and that great nation that has existed for over 100 years.

Mr. Rutherford argued that the continuance of Rotary and Gyro was

The speaker pointed out that to entirely submerge the spirit of internationalism was a negation of the very things for which we are fighting. He quoted the late Lord Tweedsmuir, who said, "It is my prayer that not by any allegiance, political or otherwise, but through thinking the same thoughts and pursuing the same purpose, the Republic of the United States and the British Commonwealth may help to restore the shattered liberties of mankind."

LOSS OF DESERT VETS IS BLOW

It can now be confirmed that in losing Tobruk the British Eighth Army lost many of its most proficient fighting men. Among those in the captured garrison were Indian.

A few small craft escaped from Tobruk harbor when the city already was under enemy shellfire. Tobruk's fall was announced in London before it was in Cairo and, even then, the press simply quoted an Italian communique without any confirmation or denial from Allied sources. This reticence is understandable. It is not so much the

This time, when the isolation of Tobruk first loomed as a likelihood, the general impression was that it would not be garrisoned for a siege. Competent observers explained the concrete handicaps of successfully manning Tobruk's defences this time as compared to the previous

The Tobruk disaster virtually must have doubled the Allied losses in manpower since the present offensive began. Three or four brigades suffered losses, and probably the bulk of the personnel were captured with their machines.

AUSSIES BUILD 100 NEW DROMES

Great Extension of Air Bases
Result of Three Months Program

MELBOURNE.—One hundred
new airdromes have been built in
Australia in the past three months,
and many other construction jobs
have been performed for the Allied
forces. Brig-Gen. Hugh J. Casey
stated, according to an Australian
broadcast.

General Casey, who is engineer
officer at General Headquarters,
stated that the program already
included 1,500 large-scale engineering
projects and 10,000 smaller jobs.
Together with the construction of
airfields and installations, it pro-
vides for the improvement of port
facilities to hasten supplies from
overseas, the building of access
roads at railway sidings and the
provision of depots for the storage
of reserve supplies.

General Casey said that Australia
presents many engineering prob-
lems because of its immense size
and relatively small population.
There are definite limits to the sup-
ply of labor, plants and material.
A national census of available con-
struction plants has been taken, and
every piece of equipment that could
be spared from civil construction
and agriculture has been handed to
engineering units and to workmen
engaged in war projects.

The engineering units of the forces
have the primary job of hand-
ling construction work in military
areas where civilians could not op-

LETTERS TO THE EDITOR

TO DOG OWNERS

Kelowna, B.C., Aug. 3, 1942
Editor, Kelowna Courier.

May I take this opportunity of re-
questing all owners of dogs to keep
their pets off the streets at night. In
the past we have had many "head-
aches" in endeavoring to protect, not
only the public, but the dogs them-
selves, and we have found on many
occasions that many owners are
reluctant to what their dog does
or where it may go.

The Mayor and Council have done
all they possibly could do in con-
nection with this question, and the
owners themselves, to see that their
dog is kept indoors at night. This
is a very simple matter, and I would
plead with all earnestness that care-
ful consideration be given to this
request, and that same be complied
with.

I feel sure that if the public will
do their part there will be no oc-
casion for anyone to keep their dogs
leashed up in the day time, unless
for some special reason. It is at
night when dogs go prowling around
that damage to gardens is done, and
chickens are destroyed. Let us
make Kelowna safe for our pets
by living up to the tenets of the
By-law by keeping our dogs in-
doors at night. We will then have
much to be thankful for.

FRANK DUNAWAY,
Vice-President, Kelowna and
District Branch, S.P.C.A.

AN APPRECIATIVE VISITOR

728 Mount Joy Avenue,
Victoria, B.C., July 27, 1942.
To the Editor, Kelowna Courier:
Recently I spent a most enjoyable
week in your town. This was largely
due to the hospitable and friendly
spirit of the members of your
Tennis Club, which, I think, a
great asset to your community. They
have some of the best courts in
B. C., and this fact should be more
widely publicized as an attraction
to visitors, particularly as, in these
days, one's choice of holiday resorts
is rather limited.

Like most tennis clubs at this
time, I believe that the Kelowna
Tennis Club is having its financial
difficulties, and an effort should be
made to keep it going by every
means possible, including increased
visitors' fees and possibly by tem-
porary tax concessions.

Yours truly,
C. E. ATTER.
P.S. I might suggest that your
hotels and restaurants serve small
glasses of apple juice with every
meal free as an advertisement for
a very pleasant drink. Cost might
be borne by the Apple Growers'
Association.

NO RACIAL BARRIERS?

3249 Quadra Street,
Victoria, B. C., 30th July, 1942.

To the Editor, Kelowna Courier:
In the Victoria Colonist issue of
Thursday, 23rd July, Mr. Harold
Heskin puts the above headline in
a nutshell thus: "Sound education
is a great help in developing the
mind and character of a people."

I don't believe in this new racial
theory which uses the terms "super-
ior" and "inferior." The truth of
this matter is hammered in by an
editorial paragraph on the same
page and date, headed, "A NOT-
ABLE SHOWING," from which I
quote: "To Ben Quan, a Chinese
student, went the honor of
highest standing in Junior Matricu-
lation and University Entrance
exams. in B. C., with aggregate
marks of 98 per cent." The writer
goes on to say that this is the more
notable because it was earned "un-
der difficulties which do not apply
to the average B. C. student."

"This serves again to show that,
in a land of equal opportunity,
there are no barriers, racial or oth-
erwise, to the top."

But, while that is true, there is
a barrier which prevents all Cana-
dian-born Chinese from becoming
full-fledged citizens of Canada or
attaining their majority. The "hall-
mark of citizenship" is the right to
cast a vote in the land of your
birth or of your adoption and citi-
zenship. This Ben Quan can never have
until the Electoral Franchise Act
of this province is amended. In
B. C. schools, in the best society,
and by our churches, he will be
welcomed, but in our poll-booths
he will be refused by the Poll Clerk.

Therefore, I accuse our govern-
ments, and particularly the Provin-
cial Government, of blatant racism
failure to see that the will of their
constituents demands, in the name
of fair play and decency to a large,
industrious and talented section of
our people, now disfranchised by
this iniquitous law, its immediate
amendment.

One example of this unequal jus-
tice in British Columbia I will give.
It is that of an old and highly es-
teemed Chinese family in "English
Victoria." One of its sons is a qual-
ified barrister, an A.R.P. District
leader and a leader in civic work
and thought; but the Bar Society
cannot allow him to plead in the
B. C. courts. In old England, he
could stand before the Judges of the
King's Bench and have no fear
that they, sitting as the personal
representatives of our gracious
King (the fount of justice in all
his courts), would see to it that his
client, of whatsoever race or color
he might be, would be dealt with
on an equal footing with that given
to the highest in the land.

Another member of the same
family, although highly honored by
his church and a world-travelling
evangelist, was not allowed to vote
for or against the Government
which, during the first three years
of Japan's murderous rape of Chi-
na, went on shipping to Japan the
bulk of B. C.'s products in war
materials and lumber. (As I now re-
member, the answer of the Under-
Secretary for External Affairs,
speaking for our Prime Minister, in
answer to a petition by returned
men of the C.E.F. was like this:
"The Canadian Government cannot
treat Japan as an unfriendly na-
tion; that might involve England
in another war.")

To wind up this sketch of a fam-
ous family, I see that Ying Hope
is qualifying for an R.A.F. commis-
sion as pilot. Should he earn the
erate. In other areas the Army has
developed close co-operation with
civilian agencies, such as the All-
ied Works Council, the Department
of the Interior and the Main Roads
Commission.

D.F.C., I know our courts will see

to it that he no longer wears that
badge of a slave—disfranchisement
in the land of his birth.

Now that Canada is about to lift
the ban on Communism, it is up to
us, "Friends of China in Victoria,"
to demand that our Government
lift as well, and at once, this law
of racial inequality which bars the
progress of our war effort by inter-
ference with our Christian liberty
and fellowship. Until these hind-
rances are removed that clog the
wheels, we can never put our should-
ers to that wheel of all-out war
effort and, as a united nation, win
out to VICTORY.

To end with the latest over my
radio: "His Majesty" (our good
Canadian King) "has sent £1,000 to
head the list of subscribers to the
Fund for Relief of Chinese War
Sufferers," and then Madame Chi-
ang Kai-Shek's reply: "China ap-
preciates very highly this generous
Christian help sent in her hour of
need."

F. W. L. MOORE,
Lieutenant-Colonel (Retired List).

GOOD FISHING AT PEACHLAND

Rivers and Lakes Provide Good
Sport for Fly Fishermen
and Trollers

Fishing both in Okanagan Lake
and in Trepur and Deep Creeks
is proving more popular than ever
this summer. The results have been
particularly satisfactory to the lo-
cal enthusiasts, who report good cat-
ches trolling and fly fishing from
the wharf and from rocks along the
lake shore.

The mountain trout found in the
two creeks are considered the more
desirable by those who favor stream
fishing, and some very fine catches
have been reported from the streams.

The Municipal Office is closed for
two weeks with Municipal Clerk C.
C. Inglis taking his holidays.

Mrs. Frank Collett, with her two
children, was a guest at the home
of her brother and sister-in-law, Mr.
and Mrs. C. T. Redstone.

Mrs. F. Haker has returned to her
home here from Rutland.

J. Pasemko and L. Trautman left
Wednesday, July 29, for Prince
George.

Miss Leah Morsh, who has been
teaching at Proctor, B.C., is spend-
ing the summer holidays at her
home here.

Pte. T. A. Roberts was a week-
end visitor at his home here.

Miss Edna Ward with her grand-
niece, Margaret Ann Hull, of Van-
couver, arrived Sunday to spend her
holidays at the home of Mr. and
Mrs. B. F. Gummow.

Miss Dorothy Williams, of Van-
couver, is spending the summer at
the home of Mr. and Mrs. E. Ruffie.

Mr. and Mrs. Charles Inglis, Jr.,
and daughter, Marilyn, of Trail, ar-
rived July 29 to spend a week with
relatives here.

A.C. 2 Donald Miller arrived Sun-
day, August 2, from Edmonton for
a ten days' leave at the home of his
parents, Mr. and Mrs. W. D. Miller.

Mrs. T. Twinn left recently for
Westbank, where she is the guest
of Mr. and Mrs. J. A. Maddock.

Hugh Dorland, of Chilliwack, was
a recent visitor at the home of his
parents, Mr. and Mrs. P. N. Dorland.

Pte. Charles Stump arrived Sun-
day, August 2, from Chilliwack to
spend leave with his parents, Mr.
and Mrs. J. Stump.

EIGHT MORE TEACHERS APPOINTED

Further Resignations Among
Staffs of City Schools Bring
Additional Appointments by
Board

Eight further appointments to all
vacancies in the city school staffs
have been approved by the Kelowna
School Board.

Appointments to the Kelowna
High School include Miss Margaret
Henderson, of Cranbrook, and C. V.
Sovereign, from Peace River.

Miss Norma Dobson, of Vancou-
ver, and Fred Martens are new ap-
pointees to the Junior High School.
New teachers in the elementary
schools will be C. Johnson, of Mal-
akwa, Miss Eileen Bower, of Rut-
land, Miss Edith McCoy, from Re-
velstoke, and Miss Ena McCallum,
of Rutland.

Resignations of last year's staff
include Misses Little, Cornell, Spur-
ling, Potter and McKinnon, and J.
C. Tait, H. Odium, C. Bedford and
C. Gleave.

SLIDE MAKES HUGE WAVE IN THE LAKE

Endangers Lives and Causes
Damage at Summerland's
Crescent Beach

At nine o'clock on Monday morn-
ing two acres of pasture land on the
east side of Okanagan Lake slid into
the lake and caused a wave several
feet high which travelled across the
lake and inundated a large section
of Crescent Beach at Summerland.

Two McKay girls, of Naramata,
were caught in a sail boat by the
wave, the boat was forced ashore
and badly damaged, while the girls
narrowly escaped with their lives.

The slide occurred a considerable
distance north of Naramata near
Chute Creek, and directly opposite
Crescent Beach. The beach at the
top of the cliff was used as pasture
land and about two acres of it was
taken in the slide.

The wave created in the lake
travelled in three sections, each five
feet high. It is said that it took
about fifteen minutes to travel ac-
ross the lake.

A dog belonging to Mrs. J. Woods
is credited with warning the people
on the beach of their danger. It
created such a fuss that its mistress'
attention was drawn to the ap-
proaching wave and she was able to
warn her neighbors.

When the wave hit the beach it
struck with such force that it dam-
aged a wharf belonging to Noel
Higgin and several boat houses. It
also did considerable damage to the
municipal road between the beach
and Summerland.

The wave did not affect either
Naramata or Penticton.

It is claimed that two or three po-
tatoes grated into a pan of water
will give better results than soap
when washing ribbons or delicate
woolen goods.

FERRY CARRIES 30,000 IN JULY PERIOD

M.S. "Pendozi" Had Busy
Month With Over 3,500
Autos, 2,000 Trucks Tans-
ported During Month

Ferry figures released by the Pro-
vincial Department of Public Works
show that almost 30,000 passengers
were carried by the Kelowna-West-
bank ferry, m.s. "Pendozi," during
the month of July. This total is ex-
clusive of auto and truck drivers.
Over 3,500 passenger autos were
transported and in excess of 2,000
trucks of all capacities. Total re-
ceipts for the month of July were
\$2,810.33.

Complete list of passengers, ve-
hicles and freight carried by the
ferry during July is as follows:

Number of passenger autos, free,
201; paid, 3,344; trucks to one ton
capacity, free, 49; paid, 733; trucks
up to two tons, free, 46; paid, 111;
trucks up to three tons, free, 17;
paid, 69; trucks up to five tons, free,
58; paid, 464; trucks over five tons,
free, 114; paid, 464. Trailers, free,
20; paid, 25; motor buses, ten pas-
sengers or under, paid, 1; motor bus-
ses, over 20 passengers, paid 225;
motorcycles, free, 18; paid, 23; rigs,
paid, 12; passengers, free, 625; paid,
21,063; freight (tons), free, 695.3;
paid, 440.3; horses, paid, 26; cattle,
paid, 7; other livestock, paid, 8.

VETERANS' GUARD WILL RECRUIT

Mobile Unit Will be in Kelowna
Next Tuesday and Wed-
nesday to Interview Ap-
licants

A recruiting unit seeking recruits
for the Veterans' Guard of Canada

will be at the Kelowna Armoury
next Tuesday and Wednesday, Aug-
ust 11 and 12 next.
The mobile recruiting unit will be
on duty to interview prospective en-
listments from 9 a.m. to 2 p.m. on
both days. Applicants must be under
the age of fifty and physically fit.
Further particulars can be secured
from H. S. Atkinson, chairman of
the local civilian recruiting commit-
tee, at the Canadian Legion or the
recruiting officer at Vernon.

MY NEIGHBOR SAYS...

My neighbor says that Kelowna is making a name for itself with the troops at Vernon. The way that the Kelowna homes have been thrown open to the men, and the friendly way in which they have been received, has made Kelowna a second home for many of the boys whose homes and dear ones are far away. And what a nice warm feeling it gives me, she says, to know that we are helping to make the lads a little less lonely while doing their bit for all of us. And of all the encouraging, de-pressing ways of putting in time, walking the streets of a strange city is the worst.

Speaking about the lads in the Army, my neighbor tells me that her Sally Ann got a letter from one of her boy friends who was flying over Egypt. He was finding the country and the natives new and different—he was no match for them at a bargain. He told Sally Ann that the hot-blast in Cairo, stops to ask you if you'll have your shoes shined. If you say "No," he'll smear some polish on one shoe and tell you your shoes are dirty and need to be cleaned. He says then, and after he has done one shoe he asks you what you'll pay. If it isn't enough, he'll pack up brushes and polish and threaten to walk off and leave you like that. The thing you can do is to give him his price.

My neighbor says that, with the B. C. lads all over the world, these days, it keeps her busy looking up the travels of the ones she knows. Some of the places are hard to find and nobody seems to know much about them. He tells her about the Bay of Bella Bella and the Alutian Islands. It looks as though we had all better study up a bit to keep track of the boys in the forces.

My neighbor tells me that back yard picnics are all the go in the cities these days. Instead of traveling miles using up the precious gasoline, she says, they are sitting in pine needles or on an ant hill or getting your shoes and the salad full of sand, they picnic in the back yard and have just as much fun. And if it isn't pleasant, then Dad comes into his own and more than shows off cooking a juicy steak over a wood fire.

Speaking about picnics, have you ever tried cooking each juice to lemonade? It gives it a grand flavor. Just put the fresh ripe peaches through a sieve and strain before adding to the lemonade.

Fruit juices of all kinds are going to come into their own this year, my neighbor says. Practically all fruit juices can be made and bottled just like you do for lemonade. Beer bottles are fine for putting up juice, but she says to be sure and remember to sterilize the bottles and caps before putting in the boiling juice. Peach makes one of the grandest summer drinks put up this way.

My neighbor likes to do all she can to help the war effort, and she says we must all be sure to put down all the fruits and vegetables we can this year. She says this will relieve the shortage of the goods as well as conserve what we have.

My neighbor's son Bill is back from Vancouver, and he tells his mother that all the girls go bare-legged now in the city. You never see, girls wearing stockings, but sometimes you see that they have painted their legs with this new stuff that is supposed to look like stockings. Sometimes it is so good that you can't tell the difference. If it keeps up, it is going to save us all a lot of money to buy War Savings Stamps, she says.

My neighbor got her little Blue Book and keeps a faithful record of her prices, but she says it makes her good and cross to see some people talk-talk about prices, and yet they put away their little Blue Book in moth balls and never even tried to watch prices. What's the use of Donald Gordon pinning his hopes on us to keep prices down, if we don't bother to do that little bit to help?

"What if we do have to do with-out some of the things we are used to?" my neighbor says. "I'm sure that Dad looks just as good to me without cuffs on his trousers. And the fancy cakes and sweet stuff that we used to get so much of was certainly a menace to our waist lines. I've lost weight already, but I didn't have the sense to do it on sweet stuff till I had to. And I'll bet you a cookie," she says, "that children's teeth will be better for this sugar rationing."

Speaking of cookies, honey can be used instead of sugar, she says. Just remember to cut down a little on the liquid and add a pinch of soda.

And whatever comes our way in doing without things, my neighbor says, think of the women of Russia. Thousands of them are homeless today, with their towns and villages under the Nazi steam roller. Wouldn't they be glad if they could just sit down in peace and quiet and grumble about the government? Let's be thankful every minute, she says, that our lovely Okanagan Lake lies smiling in the sunshine and is not running red with blood like the Don in Russia. So let us to our work with a will, she says, and do what comes our way, whether picking fruit or irrigating, or mending babies. Let's be glad we have it to do, and let's keep smiling.—SUE.

HAIL HITS COLDSTREAM

The Coldstream Ranch was hit very hard by hail last week. The storm took a lasting sweep across the property and leveled the orchards on either side. One very large block of Delicious was wiped out and about 1,200 boxes of Trans-parency were lost. Reports state that the trees looked just as they would in December, practically leafless and only bare limbs showing.

Mr. Gwen Barnes has returned to Vancouver after a visit with Mr. and Mrs. Hill of Kelowna.

SAFeway Homemakers' Guide

* How to have more fun during vacation * A list of fine foods,
low-priced every day * What one girl learned about easy shopping

How to keep cooking
from spoiling
your vacation

Some time-saving ideas suggested by the Safeway Homemakers' Bureau. Plan menus ahead of time. Allow plenty of variety, including a few foods you don't often buy, but choose things that cook quickly, or may be partially prepared in advance. Don't undertake elaborate, time-consuming cookery—unless that's your idea of fun! Be leisurely. Shop early in the day when stores are less crowded—you are less rushed—and the selection is better. Be forehanded. Plan foods that can be prepared in advance. Most meats, casseroles, molded salads, puddings and cookies are good examples.

Get your money's worth, though, in fresh vegetables. Prepare them just before serving or cooking, to prevent vitamin and mineral loss. And avoid vegetable leftovers.

Be cool. Do your heavy cooking in the cool of the morning, or even the night before if possible. And here's a typical menu.

VACATION MENU
Baked Ham Loaf—Served Hot or Cold
(Meat and mold meat in advance; keep refrigerator until time to bake; dot with buttered crumbs and brown in oven.)

Scalloped Noodles
(Cook noodles, combine with meat sauce; keep in refrigerator until time to bake; dot with buttered crumbs and brown in oven.)

Buttered Freshly-Cooked Peas (Shell and cook just before serving)
Sliced Tomato, Grapefruit Section, and Avocado Dressing with French Dressing
(Keep sliced tomatoes in refrigerator ready to peel; prepare salad at the last)

Heated Rolls
Fresh Peaches and Cream (Slice fruit just before serving)
Oatmeal Cookies
(Bake in an ambitious amount)

Coffee, Milk, or Iced Tea

ANN LEARNS HOW TO MAKE WEEKENDS MORE FUN

WELL, I CAN'T SEE WHY WE HAVE TO SHOP ON SATURDAY. IT SPOILS HALF OUR WEEK-END. BUT WE HAVE TO GO TO THE STORE. WHY? SO WE CAN TAKE ADVANTAGE OF THE SPECIALS. OH, THAT'S RIGHT. THAT'S THE WAY. THINGS ARE AS LOW AS THIS EVERY DAY IN THE WEEK. AND YOU HEAR TO SAY ON SATURDAY. PRICES ARE AS LOW AS THIS EVERY DAY IN THE WEEK. THAT'S RIGHT. SAFEWAY'S WEEKEND SPECIALS. GOSH IT'S SWEET. DEAR, NOW THAT WE HAVE OUR WEEK-END FREE. YES, AND BEST OF ALL, YOU CAN NOT ONLY SAVE TIME SHOPPING ON WEEK-ENDS, BUT SAFEWAY PRICES ARE SO LOW ON EVERYTHING, I SAVE MONEY, TOO.

Why don't you get your "big" order on a weekday too? Not only will you have more time to play on weekends, but you'll be able to shop more leisurely if you get your big grocery order on a weekday. Safeway's specially low advertised prices, you know, are now good early in the week.

SAFeway
Prices effective Friday, August 7th to Wednesday, August 12th, inclusive.

Sugar Rationing

Sugar rationing cards in present use are only temporary and will be replaced by permanent books, which are being prepared during the summer holidays by seven hundred teachers, who have volunteered for the work. The work of issuing the temporary cards was done by 80,000 women across Canada, who also did their work voluntarily. Changes of checking and indexing the permanent ration books is such that the training of teachers in checking examinations and looking out for the summer holidays by seven hundred teachers, who have volunteered for the work. The work of issuing the temporary cards was done by 80,000 women across Canada, who also did their work voluntarily.

Questions and answers on SUGAR RATIONING (From the Consumer's News)
Q. How does the housewife obtain sugar for canning and preserving and jam making?
A. At the time of purchasing the housewife must sign a Sugar Ration Card which will be provided by the retailer. Sugar purchased in this manner must not be used for any purpose except that of preserving, canning or jelly making. Sugar vouchers are liable to be checked by the ration officers.

Q. Is any allowance of sugar made for the making of pickles or bottled fruit juices?
A. No sugar is allowed for pickles. In the case of fruit juices the same allowance is made as for canning and preserving, i.e., ½ lb. of sugar to every pound weight of fruit.

Q. Can extra sugar be obtained for social functions?
A. No. Hostesses and organizers of social and charity functions must provide sugar from their own ration cards or request their guests to bring their own, unless such functions are sponsored by the Red Cross and provided with sugar supplied by the Red Cross.

Q. What happens if a consumer loses his or her ration card?
A. Another card may be obtained on application to the nearest War-time Prices and Trade Board office. But securing it may take time and, during that time, the consumer must keep a record of your ration card number.

Q. Can sugar be obtained for sweetening fruit that has been preserved by the cold pack method?
A. Yes, it can be applied for when needed by the same means as that employed for the purchase of

LOCAL GIRL MARRIED IN EAST

Dorothy Tasker Wed at Guelph, Ontario

St. George's Anglican Church, Guelph, Ont., was the setting for a quiet wedding on Saturday afternoon, July 18, at three-thirty o'clock, when Dorothy Amelia, daughter of Pte. and Mrs. E. D. Tasker, of Kelowna, became the bride of Wireless Air Gunner Harold Ronald Handlen, youngest son of Mr. and Mrs. J. H. Ferris, assistant at St. George's officiated.

The bride wore a white afternoon frock, with white accessories, the only color note, a corsage of red roses. She was attended by Mrs. W. J. Bennett, of Hamilton, who wore a powder blue afternoon frock with a corsage of white roses. W. J. Bennett acted as groomsmen.

Following the ceremony, a reception was held at the residence of Mrs. C. C. Cotterell, 11 Neeve St. Guelph. Mr. and Mrs. Handlen left for a short motor trip and on their return will reside in Guelph.

B.C. TREE FRUITS STAFF ENTERTAINED AT VERNON

Thirty-five members of the staff of B. C. Tree Fruits and the Government, journeyed on Sunday to Vernon, where they were entertained as the guests of A. T. Howe, one of the Governors.

The party went and returned in a car attached to north-bound and south-bound freight trains. All reports indicate a pleasant outing.

Weakness. Counsel had finished their speeches. The court awaited the judge's summing-up.

Presently he leaned forward and glared hard at the thick-set man in the dock. "Prisoner at the bar," he said, "it has been proved that you entered the building on the tenth. You tore up a huge safe and lowered it out of the window to the ground. Furthermore, you tore the door of the back entrance to the building off its hinges. What is your answer to that?"

"The prisoner shrugged his shoulders and replied: 'I did it in a moment of weakness.'"

Mrs. W. Magwood and daughter, of Imperial, Saskatchewan, are visitors in Kelowna, visiting Mrs. Magwood's sister-in-law, Mrs. Gordon Ross, Suite 210, Avalon Apts, during the Regatta.

Mr. and Mrs. J. Reorda, Coronation Avenue, have received word of the safe arrival in Britain of their son, Gunner J. Reorda.

Mrs. Maloney and children, of Kelowna, are guests of the Mayfair Hotel, prior to taking up residence at Prince Rupert, B.C., where Mr. Maloney is at the present time.

Pilot Officer J. Hodgson, of No. 32 E.F.T.S., Bowden, is a guest at the Mayfair Hotel during several days visit to Kelowna.

Mrs. D. Lindstrom and children, of Prince Rupert, were registered at the Mayfair Hotel over the weekend. They have now taken up residence in the city.

Percy Norman and Mr. and Mrs. Muir, of Vancouver, are guests at the Mayfair Hotel during Regatta Week.

Mr. and Mrs. Stephenson and son and daughter, of North Bend, are recent arrivals at the Mayfair Hotel while spending a holiday in the city.

DON'T BE SQUIRRELLY!

Cartoon—Courtesy Jack Boothie, The Vancouver Province

The tiger orchid is so named because a member of the Forstermann collecting party was attacked and killed by a tiger in a Siamese jungle while attempting to gather a specimen of this flower.

"Dear teacher, the next time you will be a bad boy," ran a letter to a schoolmistress, "smack him on the face, because he wears his pants out soon enough without you helping him."

ARMY LOSES TO KELOWNA AT CRICKET

Bowlers For Both Sides Were Deadly and Skittled Out Batsmen in Short Order

Although the Army eleven from M.T.C. 110, Vernon, now leads in the Spencer Cup cricket series with five victories as compared with two for Kelowna, the first two for Kelowna, three of their wins were obtained at the expense of Vernon and the tally is all square so far as Kelowna is concerned.

In the first match of the season, played at Vernon on June 7, Kelowna won by 73 to 35. The Army was victorious in the second game, played at Kelowna on July 5, by 45 to 35. The third match, played at Vernon on July 26, gave the Army a smashing victory by 189 to 34, but last Sunday, in the Kelowna City Park, Kelowna bowled out the Army by a margin of only one run.

The Army won the toss and elected to bat, but Johnson and Matthews, bowling for Kelowna, were in great fettle and played merry havoc with the soldiers' wickets. The first four batsmen were out for a total of only four runs, then a stand was made for a few minutes. Godber, the only man to reach double figures, made some nice strokes, but presently it was 8 for 27 and the last four wickets added only one run to that total. Johnson took six wickets for six runs, narrowly missing the hat-trick, as in one period he took four wickets in five balls.

Kelowna started considerably better than the Army, passing the total of the latter for the loss of only three wickets. The highwater mark, however, proved to be 6 for 40, the last four wickets adding only two more runs. D. Carr-Hilton and G. Kennedy were the only batsmen to reach double figures, with 11 and 12 respectively. Sergt. Major Roberts had a fine bowling analysis for the Army, taking nine wickets for 20 runs.

A fifth match may be played at Vernon on Sunday, August 23, if present tentative arrangements can be carried out.

LINE UP HUNDRED 'AT CALGARY

Word reaching Kelowna this week indicates that A. H. Povah, special labor representative of the B.C.F.C., on the prairies, has lined up about one hundred women in Calgary who are willing to come here during the harvest season.

Mr. Povah was leaving Calgary this week and going to Edmonton in a further search for labor.

English Silk for Parachutes
Lady Hart Dyke, of Lullingstone Castle, England, assisted by two land girls, runs a silk farm which supplies raw material for parachutes. The normal silk output of 4,000 pounds is being sacrificed this year to produce 30,000,000 silkworm eggs to stock new farms.

PLANES CONVOY TRUCKS WITH SUPPLIES FOR EL ALAMEIN

A British truck convoy, moving up to the front with supplies near El Alamein, in Egypt, is closely guarded by planes to prevent raids by Axis aircraft. One fighter plane is shown here as it swooped low over the convoy. In the desert battle for Egypt, even water has to be transported many miles. Convoys of both sides take terrific heatings, but the United Nations have won air superiority here.

Diving Champ George Athans "Is A Grand Guy" Say Swimmers

MARKET BECOMES STICKY

Apples, Tomatoes and Plums Are Current Sales Headache

One hundred and seventy-three cars of fruit rolled out of the Valley during the past week to bring the season's total to six hundred and fifty-eight. During the past three or four days, however, certain commodities have gone sticky. Apples, tomatoes and plums during that period have been something of a headache for B.C. Tree Fruits.

The sugar regulations have had a bad effect on apple sales, it is believed, and this is a situation which no one can do very much about. If sugar is not available for apple sauce and pies, green apples simply will not sell.

However, on Wednesday the bottleneck was partially relieved when deliveries to military camps were stepped up considerably.

Transcendents are moving rapidly and it is expected that straight cars will start going forward on Monday. The crop this year is 47,000 boxes, a thousand less than last year, and it is anticipated that Transcendents will be cleared before Hyslops are available.

The Transcendent season is late this year and the crop will be about thirty per cent less than last year.

Straight cars are expected to move about August 14th and the peak to be reached about August 25th.

Apples are moving rapidly and eighty-five per cent of the crop is sold. The crop is estimated to be eighteen per cent below that of 1941.

Rochester peaches are beginning in volume and the first straight car will be shipped on Tuesday of next week.

Dr. Jules and Clapp's Favorite pearls will commence to move this week-end.

The emergency freight rate will become effective on August 11th. This is a wartime concession and means a reduction over a large part of the territory of from \$1.12 to \$1.00 and lesser rates reduced comparatively.

WEDDING ANNIVERSARY
Mr. and Mrs. Max Berard, of Kelowna, celebrated their 21st wedding anniversary last Monday, when friends and members of the family came to express their best wishes. Their eldest son, L.A.C. Gerald Berard, now stationed in Vancouver, spent the week-end with his parents in honor of the occasion.

Twenty-one-Year-Old Vancouver Flash Is Tops in Pacific Coast Diving Competition—Praises Regatta

George Athans, Pacific Coast intercollegiate diving champ for the past three years, is paying a return visit to the International Kelowna Regatta after a lapse of four summers.

George was born in Vancouver in 1921 and Kelowna Regatta fans will remember him as a member of the Vancouver Swimming Club teams which visited the Regatta of 1937 and 1938. Even in those days, when he was a youngster of 16, George Athans gave promise of developing into one of the country's top-flight divers.

Like everything else, diving skill can only be developed so far in local competition, and when George was contacted by the University of Washington at Seattle in regard to entering that school with the help of an athletic scholarship, he didn't take long to accept.

Since 1938 coaching and tough competition have resulted in making him one of the smoothest divers in America, and the Kelowna Regatta is proud to present him as one of the headliners of its big show.

Fame and the plaudits of the crowd haven't changed George, and he is the same likable personality he was when he started up the ladder of diving success with the other Vancouver kids at English Bay.

His big smile and unassuming personality make him one of the most popular figures with the other contestants and with the crowds that throng to watch him do his stuff.

When he arrived in Kelowna on Monday, George spent the morning going over the diving board and pitched in to help in adjusting it so that it was set for perfect performance. "He's a grand guy," is what Kelowna swimmers say when asked about him and that tells the story.

Athans has just returned from Santa Barbara, where he has been adding a little polish under the tutelage of acting coach Ed Cady. He had planned to enlist this summer but medical students are not wanted in the services as much as doctors, so George is bowing to the authorities' request that he continue his medical training. He would like to finish up at a Canadian medical school, now that his pre-med course is completed, but finances come into the picture. He can get a break in his tuition from any American university, as all of them would like to have George Athans on their diving team.

California is not far away and it would be no surprise to see the 21-year-old Vancouver flash wearing Stanford red next season.

Athans paid a glowing tribute to Kelowna's gala and thinks it is tops in outdoor shows in the Pacific Northwest. Apart from keen competition, he says that the visiting contestants regard that the line and time enjoying Kelowna hospitality that it is the "must" show of the summer. "So long as there is any kind of a show, they'll be here," says George.

George last represented Canada in the British Empire games held in Australia in 1938. He placed third in that competition in which he met competitors from every part of the British Empire.

Wherever Canadian track and swimming events are mentioned, the name of Archie McKinnon crops up, and Athans has high praise for Victoria's grand old man, who has seen Canadian athletes come and go these many years. "He has the gift of handling youngsters and getting the best out of them," Athans stated, "and as an all-around athletic coach is hard to beat."

That George Athans will win the open diving championship is a foregone conclusion. He was quite willing, in fact perhaps would have preferred, to have given exhibitions and left the glory to some of the lesser lights. That's the kind of guy he is, but the Regatta officials insisted that he enter, in all fairness to the Washington Athletic Club and himself, and so George will be up there giving the other divers something to shoot at. Which is a good idea.

BEREAVED
William Spear, of Kelowna, has received news that his eldest brother passed away in California. Harry Spear's death occurred last Thursday in San Francisco.

HORSE HERE HAS SLEEPING SICKNESS

Outbreak of Encephalomyelitis Discovered in Kelowna—Most Horses Vaccinated

Encephalomyelitis has been discovered in Kelowna, with one horse within the city limits being seriously ill from the disease, although veterinary authorities early this week gave it a fair chance of recovery.

In the Pentiction area six cases are reported, one horse having died. The six cases are spread over a wide territory in the southern section of the Valley.

The Kelowna horse is reported to have recently been brought to this city from Westbank. Although the horse was made arrangements to have their horses vaccinated. He states that while there are several days work still to be done, the majority of the horses have been already treated.

Authorities estimate that should there be further outbreaks here, the peak would be reached sometime during the next ten days.

Dr. Hershey, Medical Health Officer, has stated: "It would appear," explains Dr. Hershey, "that the infection is not spread by direct contact with infected horses, and it has been suggested that biting insects, flies and mosquitoes, for example, are the means of transmission. The connection between the disease as it exists among horses and humans has not been clarified. Until there is further knowledge, however, it would be folly to permit a potential reservoir of infection to develop in horses, and horse owners are urged to have these animals vaccinated at once. Until a satisfactory vaccine is available for human use, control seems possible only by eradicating diseased animals and by de-

NO JAPS FROM ROAD CAMPS

There will be no Japanese from the labor camps coming into the Okanagan during the harvest season, according to B.C.F.G.A. officials who received the latest advice from the Department of Labor at Ottawa.

Apparently Ottawa has turned a definite thumbs down on the suggestion that the Japanese from the road camps on the Revelstoke-Sicamous stretch of the Trans-Canada Highway be brought in under supervision and taken back to the camps at the end of the harvest.

strying infection-carrying insects. "Under existing conditions," Dr. Hershey continued, "it is almost impossible to destroy all biting insects, but vaccination is immediately practicable. It is obvious, therefore, that horse owners who fail to have their horses vaccinated are assuming a tremendous responsibility insofar as their fellow-man is concerned."

More About
JOAN PANTON

From Page 1, Column 3
her crown to Chief Justice Farria, who with a few appropriate words, crowned Miss Pantan Lady of the Lake.

The new Lady of the Lake spoke briefly, expressing the hope that before she issued her royal summons for her subjects to attend the Regatta next year, peace would have come to the world.

Sea Cadets at the four corners of the dais stood guard, while a feature which added much to the ceremony was the fanfare blown for each contestant by four trumpeters of the Wenatchee band. Their bright red coats and blue trousers added color to the appearance of the float.

Preceding the arrival of the royal party on the barge, the band played several numbers for the crowd.
